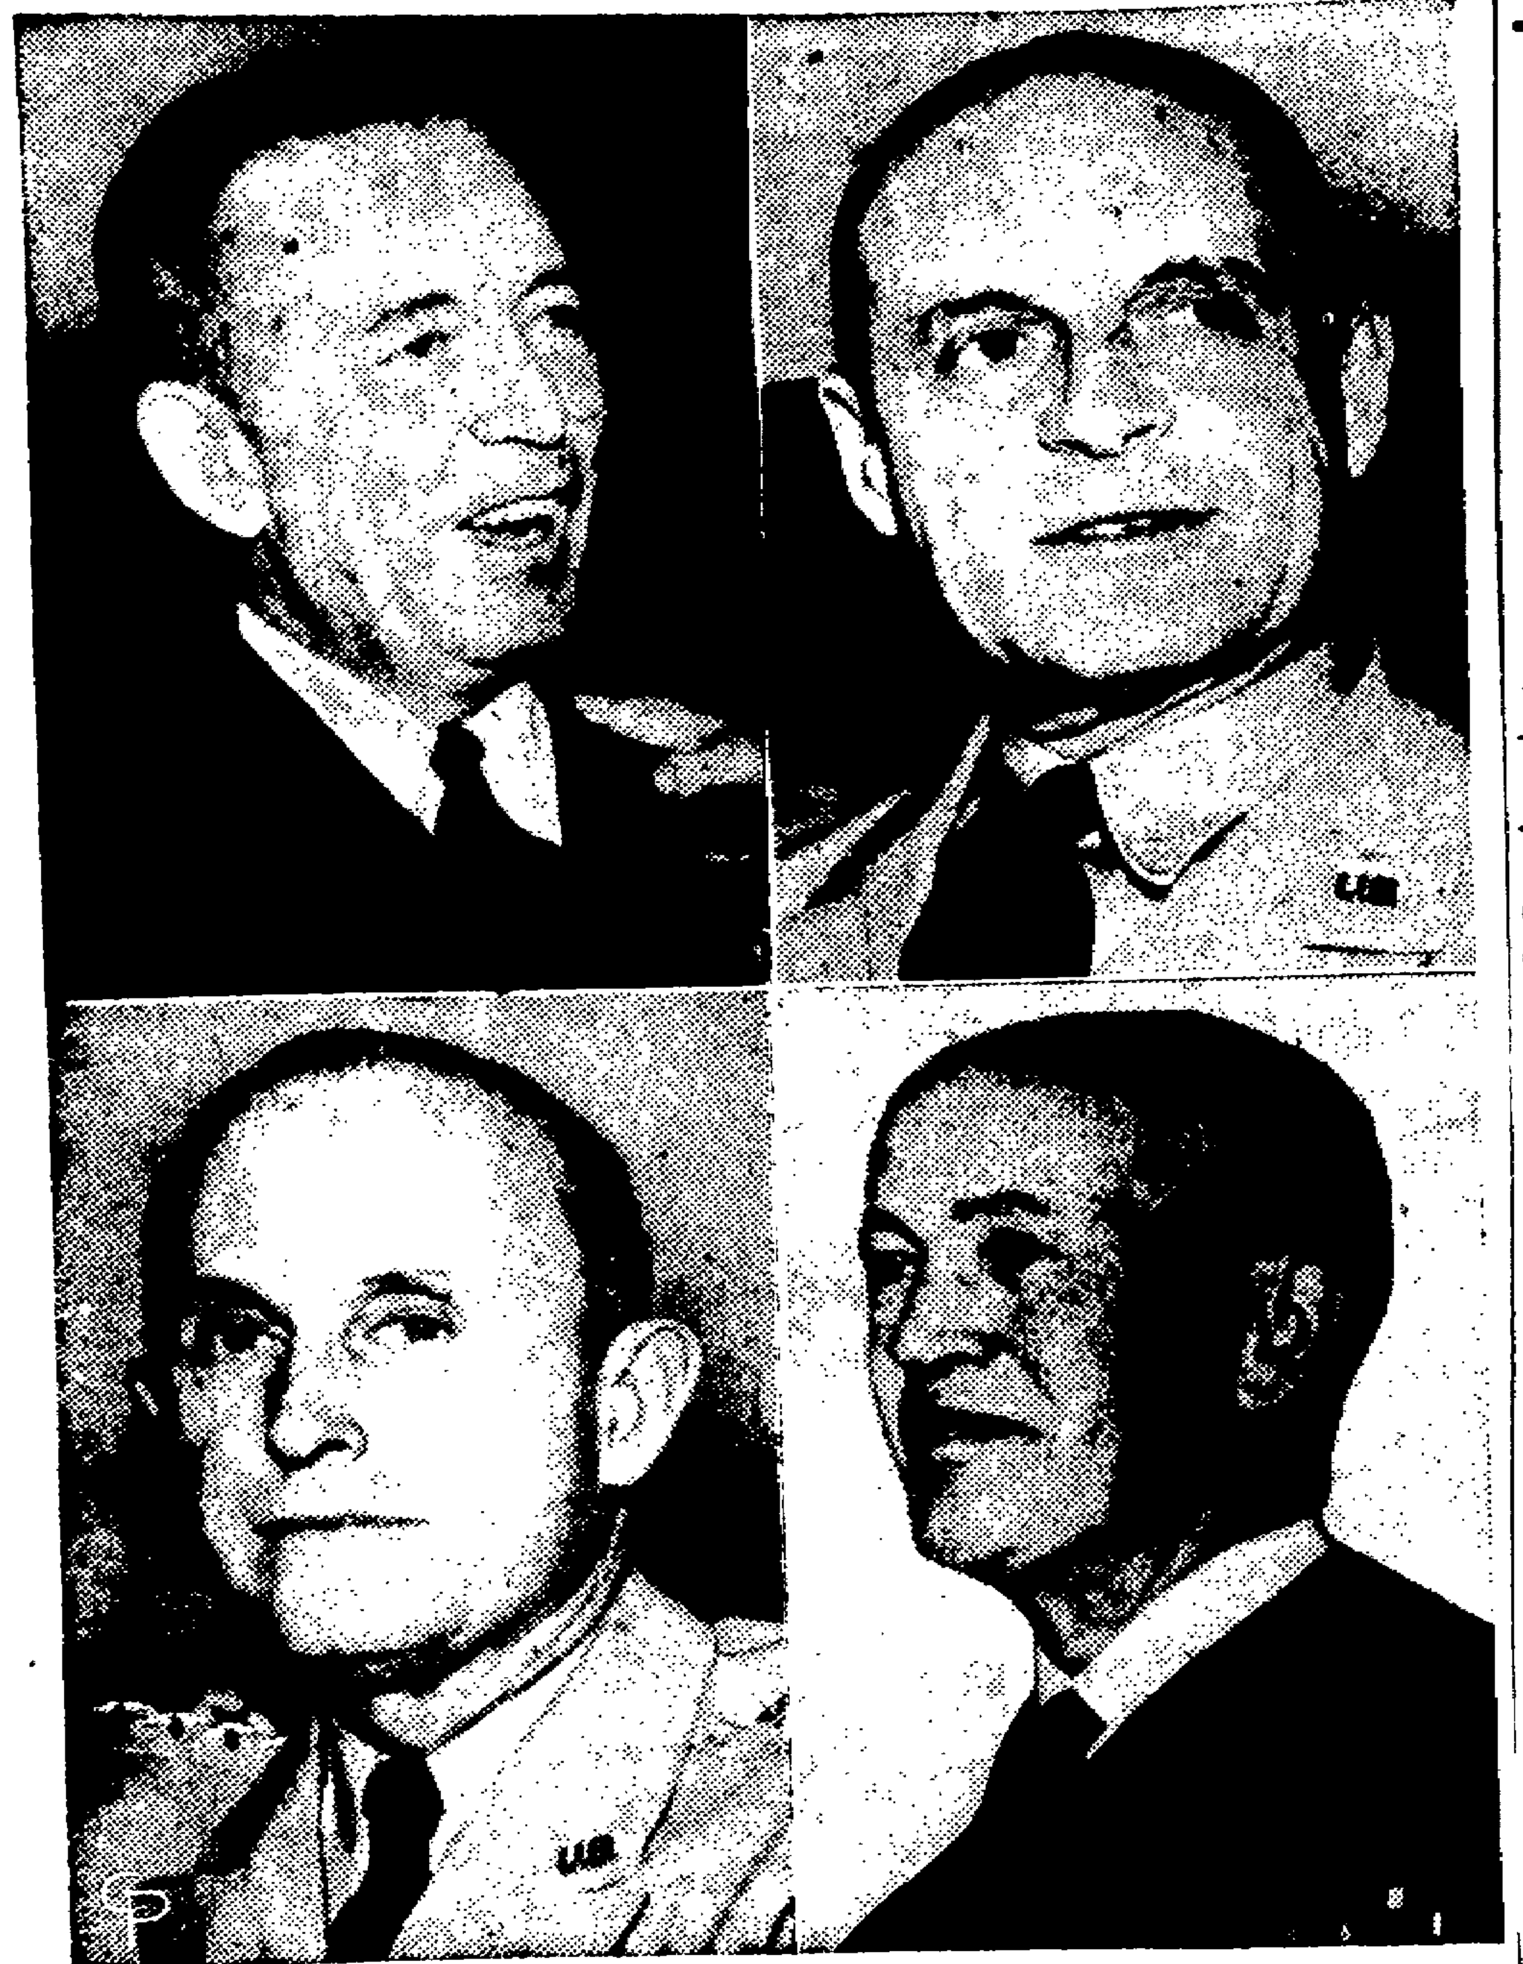
U. N. Command Submits New 11-Point POW Exchange Plan



PROMOTED IN COMMAND SHAKEUP. In the most sweeping shakeup of the U.S. high command in modern history, Adm. Arthur W. Radford (top left) has been named chairman of the Joint Chiefs of Staff, succeeding Gen. Omar Bradley, Gen. Matthew B. Ridgway (top, right) moves up as Army chief of staff and Gen. Alfred M. Gruenther (bottom, left) succeeds Ridgway as NATO commander. Adm. Robert B. Carney (bottom, right) will become Chief of Naval Operations. Last week Gen. Nathan Twining was named Air Force chief of staff.

Joint Chiefs to Revive Old Navy-Air Force Quarrel

By ELTON C. FAY
AP Military Reporter

WASHINGTON (AP) — The revamped military high command, headed by an admiral, is to take a new look at an old quarrel between the Naval and Air Force ment that they are capable of waging atomic warfare as well as land-based Air Force planes. Therefore, the argument goes, why should they be confined in their operations by an agreement written under conditions existing five or six years ago.

Legislature Set to Vote On Highways

GOP-Sponsored "Package" Plan To Face Tough Going

COLUMBUS, O. (AP) — The Ohio Legislature put its show on the roads today.

Six Republican - sponsored measures which form the party's "package" highway plan come to a vote in the House. Approval of all is probable.

The Senate votes on a House-approved bill to establish a new state department of highway safety. It also is a GOP policy bill. Passage is likely.

The House highway package, which faces serious opposition from both Republicans and Democrats in the Senate, is designed to raise about 42½ million dollars a year for new highway construction.

Action on the highway proposals came close on the heels of House approval, by a narrow margin, of a county-level plan for fair employment practices. The House sent the controversial measure, sponsored by Rep. William S. Burton (R-Cuyahoga), to the senate by a 75-52 vote. Sixty - nine votes are needed to pass a bill in the House.

A similar bill passed the House two years ago, but floundered in the Senate. A repeat performance is possible in this session.

These are the six bills in the GOP highway package in the House:

Would Free 34,000 Red Koreans

Communist Chief Charges Proposal "Step Backward"

PANMUNJOM (AP) — The U. N. Command today handed the Communists a new blueprint for an armistice in Korea. It was a sweeping 11-point plan for exchanging prisoners of war, last big roadblock to a truce.

The Allies would free 34,000 North Koreans who refuse to go home and—on certain conditions—give temporary custody of 14,500 balky Chinese to a five-nation commission made up of Sweden, Switzerland, Poland, Czechoslovakia and India.

The Communists called the proposal a "step backward" and said the Allied attitude "threatens the prospects of the whole armistice negotiations."

The broad plan—a counterproposal to one advanced by the Communists—is based on the long-standing Allied position that no prisoner will be sent home against his will.

After the lengthy document was read and the Communists commented acidly, the truce delegations adjourned until 11 a.m. tomorrow.

Lt. Gen. William K. Harrison Jr., senior Allied delegate, presented the plan to his Communist counterpart, North Korean Gen. Nam Il in a one hour and 40-minute session.

Briefly, the Allies proposed:

over wartime roles.

Secretary of Defense Wilson let that be known in replying to news conference questions about appointments to the Joint Chiefs of Staff announced by President Eisenhower yesterday.

But in confirming that the Joint Chiefs, with Adm. Arthur W. Radford as chairman, will re-examine the assignments for the services for the first time since they were agreed to in 1949, Wilson hastened to add:

We'll all work at it. We're not trying to put anybody on the spot.

The quarrel among the armed forces over roles and missions and over giant bombers vs. giant aircraft carriers had put several people on the spot during the controversy. A chief of naval operations was ousted. A Navy secretary resigned.

Out of a series of meetings emerged in 1949 what the Pentagon calls the "Key West agreement." It gave as one of the primary functions of the Air Force responsibility for strategic air warfare (the systematic bombing of an enemy's war production center and transportation to destroy the capability to continue a war).

The Navy was given among its "collateral functions" the assignment to support other services in carrying out their primary function and "to be prepared to participate in the over-all effort as directed by the Joint Chiefs of Staff."

The interpretation given by officials who sponsored the Key West meetings was that the Navy could come into strategic air warfare upon request of the Air Force or the Joint Chiefs.

Radford, who was among top Navy officials in the dispute over missions and of the subsequent quarrel over B36 bombers and big carriers, told Congress he agreed the Air Force should have primary responsibility for strategic bombing.

But neither Radford nor any other of the exponents of the Navy's case was happy about assignment of naval air power to a collateral role.

Moreover, new factors have come to exert potential influence in the original controversy.

Carrier-based Navy aircraft today are bigger and longer ranged than in 1949, giving rise to argu-

Godfrey Enters Boston Hospital

BOSTON, Mass., (AP)—Television and radio star Arthur Godfrey is undergoing preliminary medical studies today after arriving last night at Massachusetts General Hospital for surgery to correct hip injuries suffered in a 1931 automobile crash.

Dr. Dean A. Clark, general director of the hospital, in a bulletin issued last night said "The date of the operative treatment for Mr. Godfrey will be determined by the length and outcome of preliminary studies now being made.

NEW PURGE REPORTED

BERLIN (AP)—A new Communist purge of scapegoats in East Germany was reported in full swing today as a direct result of the flight of refugees. West Berlin Socialists who maintain contacts in the Soviet Zone said the purge has hit Red party circles in various big cities.

1. An axle - mile tax on commercial vehicles with three or more axles, putting additional levies on them on how many miles they travel on how many axles, estimated to yield 19½ million dollars a year for new highway construction. A penny increase in the present four-cent state tax on gasoline and diesel fuel, estimated to yield 23 millions a year.

2. Re-enactment on a permanent basis of temporary increases voted two years ago in truck license fees.

3. An increase from $25 to $50 in the fine for overloading trucks.

4. An increase in the distribution of license tag fees to city, county and township governments of about 11 million dollars a year—the present state share of tag fees which now is used for highway maintenance.

5. A constitutional amendment, subject to a vote of the people next November, to permit issuance of 750 million dollars' worth of bonds to finance a stepped-up program of highway building.

6. A resolution calling on Congress to get out of the gasoline tax field.

The highway safety department on which the Senate must decide today would take over present highway department functions of administering the state highway patrol, the bureau of motor vehicles and the new bureau which handles

night, and two airmen fell from 30,000 feet over Lake Ontario.

The chief test pilot of the Bell Aircraft Corp. and another crewman were feared lost. The B50 bomber was carrying the experimental Bell 2, reported capable of flying at speeds well over 1,000 miles an hour.

A widespread search was on today for the two men, but scant hope was held that they survived.

It was reported that the parachute of the test pilot, Jean L. (Skip) Ziegler, 32, did not open.

The other crewman, whom the aircraft firm declined to identify except to say he was a Bell employe, reportedly parachuted from the bomber.

A Bell spokesman said no one was in the X2 when it was dropped into the lake about 15 miles from Rochester.

It was indicated that both men dropped out of the four - engine mother plane which was damaged but landed safely here.

The spokesman said the explosion was aboard the mother ship. But he explained that the 2 was damaged and that the complicated mechanisms of carrying a "parasit" plane made it difficult to be certain that the X2 itself did not explode.

He said the firm had been unable to determine the cause of the explosion.

Campaign Begins Monday

625 To Take Part In YMCA Drive for Funds

This is one of a series of articles dealing with the approaching fund campaign for the new Marion YMCA. The drive for $148,500 will get under way Monday and will continue for one week.

—:—

When the drive gets under way next week for the final $148,500 needed for construction of the new YMCA, approximately 625 of Marion's civic minded residents will begin calling at homes throughout the city.

The campaign organization is set up on a military plan similar to the one used in the 1950 fund campaign. The same four chairman will head the popular gifts division in its effort to collect $55,000 during the week.

Co-chairmen of the organization are J. B. Bray, Mrs. B. H. Buettin, Mrs. Karl Holly and Wendell B. Ward.

Directly under the four chairmen will be five generals heading the different divisions. The generals are Robert T. Mason, Julian H. Walker, John J. Ryan, Robert Bush and William W. Charle.

Each general has enlisted the aid of five colonels, who in turn will be in charge of five captains. The captains will work with five lieutenants who will be charged with contacting the public.

Division Colonels

First division colonels under Gen. Mason will be J. W. Fretz, A. F. Busch, R. H. Lewis, Jack Weis and Mrs. Richard Morgan. Colonels under Gen. Walker in the second division will be Harold Carroll, C. E. Sherer, Roy Holdridge, Ray Reidenbaugh and Mrs. E. Paul Bachman. Serving as colonels in the third division under Gen. Ryan will be Robert Cripps, R. C. Chambers, Walter Kelsey, Cleo Ludwig and Mrs. Glenn Fish.

Gen. Bush's fourth division will be staffed by Colonels David Isaly, Walter Moore, Bud Burke, R. M. Minard and Mrs. C. Meister. Fifth division colonels working under Gen. Charle are J. H. Taft, Mrs. John Waddell, Harry Lazear, R. W. Fay and Miss Hallie Houck.

In addition to the popular gifts

U.S. Sabrejets Bag 2 MIGs

SEOUL (AP) — American Sabre jets flying escort for dive-bombing Sabres today shot down two Communists MIGs and damaged a third deep in North Korea.

The fighter - bombers blasted Red troop concentrations north of the Western and Central Fronts. Other Sabres in their dual role slammed explosives at an earth dam below Sukchon on the west coast.

One of the MIG kills was credited to Capt. Joseph McConnell of Apple Valley, Calif., second-ranking jet ace in Korea. It was McConnell's 11th and "the easiest I've ever run into."

"I was leading my flight at 45,000 feet" over Sukchu," McConnell said, "when I spotted eight MIGs flying in two's about 1,000 feet below me, and turned into them.

"While I was in the turn, their first element of two MIGs flew beneath me, firing. I rolled out and slid onto their second elements. I lined up on the No. 2 man and fired from 2,400 feet.

"My third burst hit him in the fuselage, wing root and in the tail. Pieces of the tail peeled off and the MIG belched smoke, then the pilot jumped."

in the county.

At the same time, the Crawford County Grand Jury, also conducting a gambling probe, heard testimony of a Bucyrus newspaper reporter who was subpoenaed to testify before them.

Served with subpoenas to appear before the Marion County Grand Jury were Sylvia Pierson Moon of the Red Apple Grill, Albert J. Barzacchini of the Juckey Steak House, Ross J. Morbitt of the City Limits Restaurant, James R. Barger of the Evergreens Restaurant, and Goebel Walston, owner of the Walston Motor Co.

Also appearing before the Grand Jury Tuesday afternoon was Marion County Sheriff Glenn Obenour, who issued an order baninng pinball machines, effective Monday.

Prosecuting Attorney Ralph E. Carhart reported today that the grand jury recessed Tuesday afternoon until Friday morning when it will make an inspection of the Marion County jail. Afterwards, the jurors will report their findings to Common Pleas Court Judge Paul D. Smith. Before taking up the gambling investigation, the jurors considered 14 scheduled cases on charges ranging from fraud to manslaughter.

Judge Suggests Probe

The probe into gambling activities in Marion County was suggested Monday when Judge Smith notified the jurors of gambling reports received by Prosecuting Attorney Carhart's office.

A letter sent April 20 to Sheriff Obenour from Carhart was read by Judge Smith, who was sent a copy of the letter. The letter informed the sheriff that the prosecutor's office had received reports that "pinball machines and punchboards paying off in money or things of value are in use and in possession of a number of persons operating public places" in Marion County.

The prosecutor in the letter requested the sheriff to investigate these reports and "if true, immediately take the necessary criminal action."

Sheriff Obenour this morning was not available for comment on whether or not his office had confiscated any pinball machines following his order setting last Monday as the deadline for business operators to remove all pinball machines from operation in the county.

He said Tuesday he would confiscate all pinball machines found in public places outside the city limits. Some pinball machine distributors said Tuesday they would not remove machines not used for gambling.

Reports of widespread gambling in Crawford County were considered Tuesday by the Crawford jury meeting in Bucyrus. Arthur Greenspan, Bucyrus Telegraph-Forum reporter, was subpoenaed to appear before it.

appear before the jury or to sign affidavits charging gambling, the jury will be glad to hear their testimony or investigate their charges," Sears stated.

The Crawford jury heard two more witnesses today—two Mansfield newspapermen who had asked to testify. They had not been subpoened by the jury.

Reports of widespread gambling in Bucyrus and other parts of Crawford County were published Monday in the News-Journal after the Toledo district office of the Director of Internal Revenue said 40 Crawford County residents have purchased federal gambling tax stamps, the largest number issued in any of the 25 counties in the district.

"Pretty Clean In Galion"

In Galion, Police Chief James L. Walker described his town "pretty clean" in relation to gambling. Sheriff Elwood F. Jacobs was of the opinion that gambling in the

Couple See Doe, Fawn On Farm Near Martel

Mr. and Mrs. Ralph Noggle of one mile south of Martel saw a doe and her young fawn in a pasture field at their farm Tuesday morning. It was the first time they had seen wild deer.

Mrs. Noggle spotted the doe just after arising. She called her husband and after a closer look discovered the fawn with the doe.

They watched the deer for about ten minutes before the animals jumped a fence and crossed County Road No. 197, trotting south toward a creek.

climbed to 97 but possibility of more twisters now "expired." Rain-swollen streams threatened some flooding.

Search parties working through the night by floodlight extricated ten more bodies from rubble heaps in downtown Waco. This brought the toll here to 88. Nine were killed by the Monday tornado at San Angelo 200 miles to the west.

The swollen Brazos River did not reach a predicted near-flood stage Wednesday morning. By dawn the water—run-off of rain deluges of up to seven inches in two days—was rapidly subsiding.

Col. Herbert D. Vogel, Southwest Division Army engineer, said at Dallas "unless there are additional rains, major floods in Texas do not appear likely at this moment."

Snow flurries at Amarillo and Dalhart in the Panhandle early today marked a cold front which chilled most of the state. The temperature dropped to 35 at Amarillo and 33 at Dalhart.

The Weather Bureau said its severe-weather warnings of Tuesday—which said tornadoes were possible over wide areas of Texas Tuesday night—had "expired."

The tornado damage estimate at San Angelo was more than three million dollars. More than 300 were injured at Waco, close to 100 at San Angelo.

Tired, grimy workers—some almost at the point of exhaustion—still dug doggedly into heaps of rubble that had been modern store buildings before Monday's big blow. Giant cranes and mighty bulldozers roared and groaned as they hacked at the tons of debris.

Workers burst through the tan-

1. Repatriation of prisoners immediately after an armistice, except those refusing to go home. Releasing to civilian status all prisoners of Korean nationality unwilling to return to Red rule. Releasing all non-Korean prisoners who persist in refusing to return to Communist control after 60 days in custody of a neutral commission.

2. Conditional acceptance of the Communist nomination of India, Poland, Czechoslovakia, Sweden and Switzerland as members of the custodial commission—but only if India heads the body and provides any troops needed.

3. Rejection of the Reds' proposal that a political conference determine the fate of prisoners refusing to go home after being in neutral custody.

The Allied plan voiced no objection to the Red proposal that representatives of the Communist governments be permitted to explain things to reluctant prisoners. However, the Allies warned against any effort to intimidate or force the prisoners.

"It is an excellent basis for an armistice," Harrison told Nam. He asked the Communists to study it "in the same spirit of constructive negotiations in which we have studied your eight-point proposal on which it is based."

Nam observed coldly that the Allies had not accepted the Communist proposal, which the Reds had put on an "all or none" basis. Nam said the new Allied proposal was "a step backwards from the three-point proposals put forward in the letter of April 16 by your side."

The Allies had nominated Switzerland as a neutral to handle all reluctant prisoners.

"Obviously," Nam went on, "this is not an attitude that should be taken in the negotiations, but one that threatens the prospects of the whole armistice negotiations."

Harrison told newsmen the detailed Allied plan "would constitute the charter" for the neutral nations' duties.

He said the U. N. Command found "a major portion" of the Communist plan acceptable but there were portions "we cannot accept in their present form."

The Allied counterproposal rules out the postarmistice political conference as a final court to decide the fate of prisoners, sets a 60-day time limit during which prisoners may be given "explanations" and spells out the function of the five - nation repatriation commission.

Anglo-Egyptian Crisis Over Suez Worsens

LONDON (AP) — Three landing craft loaded with British Royal Marine commandos sailed under secret orders from the Mediterranean fortress island of Malta last night as the tense British-Egyptian dispute over the vital Suez Canal zone worsened.

There was no official announcement of the tough fighters' destination but speculation immediately arose that they would reinforce Britain's Suez garrison. Egypt's Premier, Maj. Gen. Mohamed Naguib, has threatend to oust British forces from the zone with Egyptian blood if necessary.

The British Admiralty reported that the 1,000-ton light cruiser Bermuda is now at Port Said, in the canal zone, but declined to comment on unofficial reports that four Royal Navy destroyers—Chieftain, Cheviot, Chequers and Chrevron—had been rushed to the area.

An Army spokesman, announcing the shift of the commandos, said "certain movements of the Royal Marine commandos have been approved as a precautionary measure."

His announcement came shortly after Minister of State Selwyn Lloyd told the House of Commons that British soldiers in Egypt have been "ambushed, shot and assaulted" in some 30 attacks since the beginning of April.

Declaring that many of the attacks apparently were carried out with "at least the connivance" of members of the Egyptian armed forces. Lloyd added that "our soldiers have no option but to defend themselves."

PTA Officers Installed, Scholarship Awarded at Annual Dinner Meeting

Presentation of a scholarship to a young woman planning to enter the teaching profession, at the annual installation dinner of the Marion City Council of the Parent-Teacher Association Monday, night, marked another goal in the achievements of that organization.

Set up to aid young men and women interested in becoming teachers, the $200 scholarsip was awarded for the first time to Miss Suzanne Simmons, Harding High School graduate in 1952. The presentation was made by Charles D. Harmon, president of the board of education, in the absence of Superintendent Lester L. Dickey who is ill.

Miss Simmons, who is the daughter of Mrs. Freda Simmons of 265 S. Grand Ave., was homecoming queen at Harding in her senior year. She is now employed at the Jay H. Maish Advertising Co. She plans to enter Miami University in the fall to prepare for her teaching career.

The scholarship is supported through contributions from the various units in the city council and is designed to interest students in entering the teaching field. Applicants are chosen by the State PTA officers and is based on scholastic achievements and activities.

College Head Speaks

Completing the evening program was an address by Dr. Terry Wickham, president of Heidelberg College, and the installation of officers of the council and the various PTA Units. The meeting was held in the First Evangelical and Reformed Church.

Mrs. John Rinnert, president, presided and the invocation was by the Rev. J. Paul Goebel, pastor. For the musical part of the program Mary Catherine Jobe and Ruby Hanson played piano solos and a quartet composed of Myrna Cocherl, Shirley Hill, Beth Hanning and Nancy Jevas sang a group of numbers. All are students at State Street Junior High School. Seven of the 13 past presidents present were introduced by Mrs. Rinnert and Mrs. Ralph E. Carhart conducted a memorial service for Mrs. Frank Knapp and Mrs. Erle Houser, past presidents who are deceased.

Dr. Wickham's topic was "Looking Ahead to Tomorrow in Education."

Mrs. Glen Penry presided for the installation of the following officers:

Mrs. Robert McCombs, council lich, president; Mrs. George Balsley, first vice; Miss Philomen Gregg, second vice; Mrs. Harold Henry, secretary; Harry Lazear, treasurer; Mrs. Garland Winters, council representative; Mrs. Robert Keller, alternate.

Serving in Korea is Cpl. Charles J. Adams of LaRue, who oversees work in the motor pool of Battery B of the 7th Infantry Division's 57th Artillery Battalion.

Cpl. Adams, son of Mr. and Mrs. Jeremiah Adams of near LaRue, recently was promoted from the rank of private first class to Corporal. He was a mechanic in the motor pool.

He has been overseas since July of 1952.

Cpl. Adams attended LaRue High School and was employed at the Quaker Oats Co. before he entered the service in January of 1952. He received his basic training at Ft. Dix, N. J.

Former Richwood Woman Married

Special to The Star

RICHWOOD—Mr. and Mrs. Paul Van Winkle are announcing the April 24 marriage of their daughter, Virginia, to Junius Bost Fox of Dallas, Texas, son of Mrs. Marie T. Fox.

They were attended by Mr. and Mrs. Hilton H. Campbell. Mrs. Campbell is the former Miss Catherine Stevens of Columbus. The ceremony was performed at the home of Mr. and Mrs. Earl Harle of Dallas, friends of the bride.

The bride is a graduate of the Richwood High School, attended Ohio State University and is now an underwriter with Republic National Life Insurance Co. of Dallas. Mr. Fox, who studied at Texas A. and M. College and was graduated from Southern Methodist University, is now employed as a physicist with Chance Vought Aircraft in Dallas. Upon their return from a wedding trip to New Mexico, they will reside in Dallas.

Summerfield To Ask Hike In Postal Rates

WASHINGTON (AP)—A request to Congress for higher postage rates on newspapers, magazines and advertising material appeared to be in the offing today.

Postmaster General Summerfield, without saying so flatly, indicated to a House appropriations subcommittee that studies now being made pointed towards a recommendation for higher rates on second and third-class matter, "for a temporary period of at most two years."

Summerfield also indicated, in testimony made public yesterday, he would not be adverse to an arrangement under which the postmaster general, rather than Congress, would fix postal rates.

The department has a current annual deficit of 642 million dollars and, he said, expects to run 600 million in the red next fiscal year.

He said only first-class mail and the postal savings system show profits.

Twin Girls Total Over 17 Pounds at Birth

TROY, N. Y. (AP)—Twin girls born yesterday to Mrs. Charles Burndidge weighed in at a total of 17 pounds 11 ounces. Colleen, the first to arrive, tipped the scales to 8 pounds 10 ounces. Mary Ann weighed 9 pounds 1 ounce.

Mother and babies are "doing well."

6-Point Hike In Corporation Tax Studied

Treasury Ponders Substitute For Excess Profits Levy

WASHINGTON (AP) — A six-point increase in normal corporation taxes was reported under consideration by the Treasury today as a possible alternative to the expiring excess profits tax.

Secretary of the Treasury Humphrey arranged to talk with Chairman Millikin (R-Colo) of the Senate's tax-handling finance committee for what may be a preview of the administration's new tax program. Humphrey has said he will lay it before Congress next Tuesday.

In advance of this meeting, another influential senator who asked not to be quoted by name said Treasury studies have indicated it would be necessary to raise the limit on regular corporation levies from the present 52 per cent to 58 per cent to equal the revenue from the excess profits tax.

The latter tax will expire July 1 unless Congress acts before that time to prolong it.

Its expiration and a 10 per cent reduction in individual income taxes scheduled for Jan. 1 would make it more difficult for the Eisenhower administration to balance the budget, a goal it now apparently has put off.

However, any Treasury proposal to jack up regular corporation taxes to make up for the revenue loss is certain to encounter a storm of opposition in Congress.

The excess profits levy reaches about 30 per cent of business firms, with a maximum levy against them of 68 per cent. Other firms not now touched by the excess profits tax would be certain to protest taking over additional burdens.

Humphrey apparently has kept his tax plans well hidden. Sen. Taft of Ohio, the Republican leader, said he hasn't had "even a hint" of what will be proposed. Similarly, Millikin said he has been kept in the dark.

Target Plane Hits Carrier, 3 Dead

WASHINGTON (AP) — A pilotless target airplane, out of control after being hit by anti-aircraft fire, smashed into the aircraft carrier Wright, killing three men and seriously injuring four.

The accident, which occurred Monday 300 miles off Key West, Fla., was disclosed by the Navy late yesterday.

Only minor damage was done to the ship.

Presidential Yacht Prepared for Last Official Voyage

WASHINGTON (AP) — The USS Williamsburg will sail tomorrow for the last time as a presidential yacht.

The gleaming white craft will carry President Eisenhower and Mrs. Eisenhower on a four-day cruise that will take them to Williamsburg, Va., and Annapolis, Md.

At the end of May the Williamsburg is being transferred back to the Navy, which plans to put it in mothballs a month later.

Eisenhower has announced he is giving up the Williamsburg, which former President Truman used frequently, because he regards it as "a symbol of needless luxury." Eisenhower has used the yacht only once—for a brief conference with French government leaders in March.

Evangelism Theme Of Lima District Church Meeting

Evangelism was emphasized at the Methodist Lima District spring conference at Lima Monday, attended by pastors and lay members of Marion and Marion County Methodist Churches. Trinity Methodist Church was the host church. Dr. Harry Denman, executive secretary for the general board of evangelism of the church from denominational headquarters at Nashville, Tenn., was the special speaker. Three young men were newly licensed to preach by the conference. Dr. Harold F. Kellogg, superintendent, presided.

Discussion was held on continuing some form of special evangelistic effort in co-operation with other districts after presentation of an invitation by the Akron District to conduct another exchange of pastors in evangelistic meetings. Such a plan was carried out earlier this year.

Announcement was made of a historical dramatic presentation on television scheduled Sunday, May 24. "Following the Frontiers," the "Methodist Story," a climax to the Ohio Evangelistic effort in 1952 and 1953. The production will be put on by professional actors, and will be telecast over five TV channels, at 2 p.m.

Representatives of all Ohio Conference institutions supported by congregations of the district were heard, including hospitals, homes for the aged, Children's Home, conference board of trustees and four church-owned colleges. This was in the form of a panel. A report on youth camp and institutes was given. Ministers' wives held a session with Mrs. Harold F. Kellogg, wife of the district superintendent. It was announced that at the session of the Ohio Annual Conference in June at Lakeside, the usual social fellowship reception will be held on the lawn of the grounds instead of in the auditorium as previously, with ministers' wives serving. Mrs. Frank McCall of Mt. Victory, district WSCS president, reported more than $2,600 given to projects of the women's society.

Tariff Issue

By George Sokolsky

SOKOLSKY

The Committee for Economic Development originally organized by Paul Hoffman of ECA and Ford Foundation fame, joins in the general attack on the American tariff. Its position, however, is more honest than most.

The CED frankly takes the position that Great Britain is in an unfortunate economic situation which is not temporary. Its report says:

"But in the last 18 months there has been increasing reason to doubt that Britain's economic problem is a temporary one of recovery from the war. Earlier reasons for hoping that time plus American aid would eliminate inflationary pressure on the British economy and the strain on its balance of payments are no longer convincing."

-:-

THE BRITISH built their empire by courageous and adventuresome imperialism. It was not so much territorial as financial imperialism; the British Empire acted as agent for Europe in the investment of capital and the transfer of people from Europe to America, Asia and Africa and other areas.

It is customary these days and particularly in this country to be critical of the British Empire, but it is obvious, from all that has occurred since World War I, that the downfall of the British Empire has been an historical disaster of the first magnitude.

The British Empire brought the world together and charged comparatively little for its services.

Curiously, it was the commercial policy of the British Empire which stimulated industrialization in many parts of the world, utilizing British machinery and skill.

The United States, Germany and Japan, offspring of British industrial imperialism, by the 20th century, were in a position to compete with Great Britain with such vigor that the British began to lose markets and ultimately their empire.

The British have lost something of their flexibility. I witnessed that year after year in China after World War I. The British were not competitive in the markets, the Germans and Japanese, in particular, hitting them hard.

-:-

THE JAPANESE traded actively in American goods, pushing such commodities in order to get exchange to purchase American machinery and cotton.

The CED report says of this:

"The problem of inadequate adaptability of British industry is also in part a matter of values and outlook.

Too frequently since World War I, large sections of British management and British labor have not been sufficiently interested in technical advance, in increasing labor productivity and in lowering costs to permit British industry as a whole to keep pace with more vigorous foreign competitors.

There has frequently been a tendency to prefer accepted methods and traditional ways to continuous growth and improvement."

-:-

SO, WHAT is to be the solution of all these cosmic problems?

It is, of course, according to these people, to negotiate selective reductions of the American tariff through the Trade Agreements Act; that Congress should grant to the Prsident authority to reduce the tariff unilaterally; that we should simplify our customs regulations; that the "Buy American Act" should be liberalized or abolished.

There is no logic in this solution and one can only wonder whether the State Department has not already made a deal with the British government to do these things to help Great Britain, after it is practically admitted in the CED report that they will not be of any permanent help.

-:-

JOHN D. BIGGERS, president of the Libbey-Owens-Ford Glass Company, adds a footnote to the report which, I think, answers the entire argument.

He said:

"The high standard of living of working people in this country is based on high wages which in many cases are five to eight times as high as those abroad while the machines used are the same.

"The maintenance and improvement of this standard of living is a basic principle with both political parties in this country. I believe, therefore, in the soundness of a tariff sufficiently high to protect this standard of living.

"General reductions or eliminations of tariffs cannot be made, in my opinion, without unwarranted injury to the American economy.

"The logical approach would be to negotiate country by country and product by product. This would enable our government to take into consideration trade barriers such as import quotas and exchange restrictions which certain foreign countries have established against American exports and so reach agreements which would be as fair to American manufacturers and workmen as to other nations."

$10,000 Raise for Congressmen

If you are an ordinary citizen, you are hooting at the proposal that congressmen should vote themselves a $10,000 raise.

If you make less than $10,000, yourself, you don't want your congressman to make more than you make.

If you make more than $10,000, you don't think your congressman should make as much as you make.

In either case, you wince at the thought of congressmen voting themselves a raise in pay. Where will this sort of thing stop etc.?

But before going off the deep end, there is another side to the issue of whether or not congressmen should get a $10,000 raise.

A $25,000 salary would induce some Americans to run for Congress who cannot afford to run for the present salary of $12,500 plus $2,500 for expenses. It is assumed that for $25,000 the taxpayers could count on a better class of congressmen, with special reference to their immunity to financial aid.

It is assumed that $25,000 would be enough to cover all their ordinary expenses plus the extraordinary expenses which go with membership in Congress. The fact is that $15,000 has not been enough to do this. A congressman's take-home pay is so small it frequently is necessary for him to dip into his savings to stay in Washington, unless he has outside sources of income.

Before getting over-excited about a proposal to raise congressional pay and also the pay of certain judicial officers who should be financially secure, put yourself into the places of these officials. How much would you need to do the job, provided you wanted it and could handle it

Freedom of The Press

By David Lawrence

Editors Not Above Probing About Communism

Because Sen. McCarthy, as chairman of a Senate committee, ventured to ask a newspaper editor to explain his onetime membership in a Communist group and to explain also his present - day views on Communism, a hue and cry has gone up from certain quarters that this infringes upon the freedom of the press.

The cry comes mostly from "left wingers" who were strangely silent and indeed ridiculed the complaint of the newspaper publishers back in 1935 when the latter asked the courts to exempt them from the provisions of the Wagner Labor Relations Act on the ground that it violated freedom of the press.

That law was upheld, and the Supreme Court said newspapers had to bargain collectively with writers and editorial employes even though such members had become affiliated with a national labor union and conceivably might hold partisan or ideological views opposite to that of the newspaper employing them and perhaps in the editor's judgment could not write fairly on labor-relations matters.

Likewise, when some newspaper publishers in certain cities had to open their files in the last three years to investigators who sought to determine the pattern of the relationships between the newspapers and their customers over a long period of time, no "left winger" got up to defend the newspapers as immune from investigation under the anti-trust laws.

Likewise, a few years ago, when a New York labor union of newspaper reporters was found to be dominated by Communists, Congress had the right to investigate that subject but didn't.

The newspapermen in New York who were anti - Communist cleaned house. But Congress has the right today to look into what happened. In fact, recently a Senate committee headed by Sen. Humphrey did feel that the subject of Communist-dominated unions was a proper matter for inquiry.

There could not have been any justified objection, therefore, to such an inquiry if it had included newspaper writers in the New York union. So, the subject isn't novel.

Also, when a senator supporting Gov. Stevenson in the 1952 campaign publicly threatened to investigate and then ask for laws punishing certain periodicals which were supporting President Eisenhower and did urge that their postal rates be increased because of their views, no "left winger" rose to ask that the senator be is to put the press above all law and to ask that rights be granted which other citizens do not enjoy before congressional committees.

There is infringement, of course, where there is suppression and prohibition of the written word but not when Congress merely wants to know if an editor was once a member of the Communist party and whether, when he has broken with that party, he still publishes doctrine close to the Communist line or doctrine which plainly contradicts the Communist line, as the case may be.

The pattern that Communist infiltration takes in America, whether it goes into the behavior of individual newspaper men or movie actors or clergymen, is clearly within the right of Congress to investigate. There is no violation of constitutional rights involved unless Congress passes a law in an way abridging those rights.

Certainly it isn't a crime yet for senators or representatives to chastise the press even as the press chastises them.

The courts have said that the power of congressional committees to ask questions is unlimited, but the power to compel the furnishing of books and records is protected in personal instances not only for newspaper men but for all individuals, whether or not they are engaged in publishing.

Where a corporation is concerned, on the other hand, it can be compelled to submit anything or everything to an investigating committee of Congress, and it is not protected by "free speech" or any other constitutional provision according to Supreme Court decisions.

The Truman administration used this blanket power again and again without any protest from the "left wing."

Incidentally, when the famous Teapot Dome scandal was being aired by a Senate committee back in the 1920's, a Western newspaper editor was involved in certain aspects of it and was brought to Washington to testify. There never was the slighest protest from any group of editors or anybody else as to the power of Congress to ask him questions about it. Today membership in a Communist organization is a crime, and Congress can investigate all angles of crime, historical or otherwise.

It has been reported that the American Society of Newspaper editors has been asked to examine the transcript of Sen. McCarthy's interrogation of a newspaper editor and to pass judgment on it

Bureaucracy and Small Business

By Raymond Moley

Sen. Edward J. Thye of Minnesota was re-elected last November on the Republican ticket along with Gen. Eisenhower. Representative William S. Hill of Colorado was re-elected to the House, also on the Republican ticket along with Eisenhower.

These gentlemen are chairmen of committes on small business of the Senate and House respectively.

These are select committes, and it should be noted further that the Thye committee seems to be the only select committe of the Senate and the Hill committe is the only select committe of the House.

I note these facts to make clear the tremendous solicitude which Congress has manifested for small business; and to emphasize that through Republican politicians as well as their Democratic brethren. It goes on in good times and bad. And what is most reprehensible, it goes on despite the solemn promises of a great party and its candidate for president.

In this case, it is attempted despite facts which prove that the functions of the present SDPA are unnecessary, that there is no need for a new agency, and that the RFC, which the present SDPA advises, is in need not of advice but of extinction.

The creature which the Thye and Hill bills seek to bring into the world would grow into an agency which would rival and parallel the Department of Commerce. It would refuse to remain small.

Bureaus never are content to reever mounting costs.

The political appeal in this effort to perpetuate an agency that has outlived its purpose is clear. The argument for it carries the implication that small businesses somehow are the victims of the octopi and that the present Department of Commerce is interested only in big business.

Perhaps as we go on in this jounous age of bureaucracy we shall have a new Department of Agriculture for small farmers and a new Department of Labor for little unions.

Never was there a greater political racket than this urge to segregate and coddle businesses merely because they are small.

The facts prove that relatively small businesses do as well as the

The Once Over

By H. I. Phillips

Letter for Special Delivery

John E. Fetzer, Chairman,
Radio & Video Broadcasters Code Review Board

Dear John: I read your address to convention of airwave biggies on the code of good practice and am still groggy. "The board has earnestly embraced the code," you say. (If that's what you call an embrace I am a poor judge of clutches.)

"We have gone to great effort to assume adherence to it," you say, and then add this one:

"The board's scope is limited to voluntary compliance and no greater authority is desirable. I cannot think of a quicker way to destroy voluntary compliance than for the board to become busybodies and snoopers."

(While I am still reaching for the aspirin, will you explain how anybody can give a crusade an earnest embrace, go to great effort to enforce it and yet classify a watchful eye, a careful check and a little indignation as constituting snooping.)

-:-

Would any video board official who honestly checked the blueprinting of crime routines for the young, tried to limit the murders per hour over the airwaves and took a little interest in the kids, be a snooper?

If you, as head of the Code Review Board, blew your top over the detailed play-by-play picturization of horrible crimes for home and fireside, would you be a busybody? I don't get it.

The plain fact is that the radio and video people have promised for the last five years to obey the Code of Good Practice, cut out the blueprinting of crimes via a medium penetrating the American household.

Yet any night on TV will give a kid or susceptible adult more inside dope on criminal routines than he could get in a year hanging around a police station.

The crime programs are on the increase and so are the criminal details. The young folks have come to associate foul play with entertainment.

-:-

"There has been an appreciable disregard of the code," you say, and warn the airwave people they must choose "between adherence and censorship." (That "appreciable disregard" takes the Oscar for the Understatement of the Year.)

Second place goes to your statement "the Code Board's activities have been deliberately inconspicuous." Oh, boy! (Pardon me while I take another aspirin.)

You also say, "I do not know of one subscriber who has not compiled with the code." Well, I am afraid you have just been tuning in on the weather forecasts, cooking programs and puppet shows.

You want some names of TV people who are busting the code seven ways from Tuesday

Any father or mother will be glad to send you a list, John. Together with a check on the puddle-jumpers that cause load-limit signs to be erected on bridges.

It is not family flivvers which squash too-thin roads when the frost goes out of the ground, as if someone had pushed his thumb through a pie crust.

It isn't Junior's bicycle which gouges out those friction pits at intersections.

It isn't a farmer's pickup truck on the way to the feed mill that is equipped with 16 wheels and an interstate cargo.

It isn't a native-owned hot rod that lugs more gasoline or diesel oil in its multiple tanks than a hot rod would use in a year.

Unless these mistaken ideas are put in order, the truck lobby in the Ohio General Assembly might put over the idea that heavy trucks actually are good for public highways which become their right-of-ways for interstate hauling and which must be paid for in ratio to use.

Lobbyists must exceed even their own expectations sometimes, but it still is not a fact that trucks make roads last longer.

Sir Winston's Proposition

Contrary to a newly-popular notion that Winston Churchill has ceased to have any intelligence, some of the old gentleman's admirers are taking seriously his proposal for a parley, with Malenkov, Eisenhower and himself participating.

The wisdom of this suggestion might lie in a place usually overlooked by peace probers—the possibility of broadening the mind of the Russian representative. Sir Winston, possessing one of the most broadened minds of his era, would be likely to think of that possibility.

He knows what continues to be hazy even in the United States — that war defeats all who wage it. He has had a share in discovering that fact twice for Great Britain — after World War I and after World War II. He would like to help Malenkov discover it in time to avert a world catastrophe.

That is his proposition. That is why he thinks a parley would be worth the effort. His idea will be scoffed at by blood-and-thunder experts and by people who always know exactly why Winston Church is 100 per cent wrong about everything. The scoffing will be especially boisterous among those who claim to know that Great Britain has joined the Communist conspiracy and cannot be trusted any more; that only the United States can be relied on to defend the faith.

There must be times when Winston Churchill wonders how men who have found out so much less than he has learned can be so wise, so positive, so secure in their misapprehensions.

13 Years of Campaigning

In surveying 13 years of campaigning to reduce communistic taints in movie films, and to expose communistic persons in the film industry, the American Legion now claims Hollywood today at least knows what communist propaganda is and in general is alert against subversive doctrines. An article in the May issue of the American Legion Magazine further contends that American movie audiences are more discerning about Red propaganda, and are more quick than before to protest pictures containing even subtle communistic teachings.

repudiated.

Last year another Democratic senator threatened a New York publishing company with possible loss of a tax deduction as a business expense the cost of an advertisement in a local newspaper expressing views different from his own on a controversial subject.

The fact is these senators had a right to say what they pleased about the press, just as the press has a right to say what it pleases about them.

"The wisdom of such attempts at coercion and intimidation might well be questioned, just as the wisdom of Sen. McCarthy might be questioned by those who differ with his analysis of what a witness has written or done.

To say that the First Amendment to the Constitution, guaranteeing freedom of the press, is abridged because a senator makes an irrelevant interrogation of a witness and say if it is an infringement of freedom of the press.

If such a study is undertaken, it would be a precedent. Maybe if such a study is made, it should include the government's suits under the anti-trust laws and the present law that says labor unions of newspaper writers must be recognized by publishers.

It could delve into the phases of the present law whereby newspaper writers and reporters in certain cities are compelled to join a union at the end of 30 days or lose their jobs if a majority of other writers in their offices vote to require it of all writers.

These questions touch "thought control" and the freedom of the press much more vitally than the problem of whether an editor who was once engaged in Communist adventures has or has not thrown off his earlier Communist sympathies.

both of the aforementioned statesmen were elected as Republicans. Thus they are, in principle, pledged to: economy; simplifying and reducing duplication in government; and supporting President Eisenhower in his efforts to accomplish these worthy purposes.

Despite these facts, Messrs. Thye and Hill have introduced bills which would provide authorization of a small business administration that would be an independent agency succeding the Small Defense Plants Administration. This would have the effect of making permanent the SDPA activities.

In short, it is just another effort to keep alive something that was created for an emergency that has passed. It would, in all probability, preserve the jobs of the bureaucrats merely under another name.

That is the eternal way that politics works for the perpetuation of unnecessary bureaucracy. It goes on under either party's name, main small. And in the magic name of small business, plenty of politicians would see to it that it would, like a cancer, proliferate into more and more alleged services, with large ones and that businesses, small and large, are interdependent and in their interests inseparable.

Who Will Be Next?

By TRUMAN TWILL

We don't know who will be next to climb out on a ledge or bash the children's heads with a hammer, but it will keep on happening.

The significant thing about it is that the intellects which will suddenly pop a fuse will not be known to be short-circuited. It isn't chronic cases of insanity which need to be watched any more, but the ones that develop suddenly.

They're the meat and potatoes of this new industry of psychiatry, which tries to do something about the short-circuiting before the fuses blow. That fellow who used to be taken suddenly drunk is making way for the human being who is taken suddenly nuts.

You can blame it on a list of things as long as your arm. But the gist of the list, if you distill each item, is frustration.

Human beings who once would have lived and died in a state of sweet satisfaction with their lot now tear out their fingernails trying to grab more than they can ever get and when they can't get it they flip their wigs.

What makes their plight extra grim and extra ironic is that many of them actually get a great deal yet are not satisfied because there is no point of satiety. The more they get the more they want.

Then when it dawns on them some morning or evening that this is the way it's going to be—that they never will have peace—they climb out on the ledge or reach for the hammer. There is one way for them to quiet that gnawing—a fatal dose of violence.

The rarest thing to come across in this good society any more is serenity—the kind that lights up the eyes because it is a reflection of the spirit. Instead of serenity, the trademark of the American way of life has become the twitters.

Twitter-bugs litter the psychiatrists' couches, line the waiting rooms of doctors' offices, consume a couple million tons of sedatives annually and keep newspapers supplied with case histories of sudden violence.

They slam telephone receivers, blow their stacks, rush to join the latest crowd promising to straighten out everything in a jiffy, then toss on their cots because there is no peace anywhere—not in themselves, nor in Timbuctoo.

The fact of the matter is there never was any peace in Timbuctoo. But there used to be peace in themselves, when me knew how to nurture it.

They used to know better than to poison it by demanding the impossible.

If there were times when their lives didn't seem to be exciting, there were times—many times—when their lives were as serene and in tune with the eternal verities as the peaks of the Rockies or the buttercups in the meadows.

Men had yet to discover the desirability of jumping off ledges and hammering the heads of children to get the definitive answer to their frustrations.

Having a Wonderful Time

By JANE EADS

WASHINGTON

Week ends in the country are providing a breather for increasing numbers of Washington working couples, from top officials down to government girls and their husbands. It may be a many-acred family estate or just a small rented cottage in nearby Maryland or Virginia, but it gives them a retreat from the hectic weekday whirl of the capital.

Typical retreaters are Dr. Stuart Portner of the World Health Organization (WHO) and his wife, Mildred, secretary at the Libary of Congress. They have an attractive log cabin 65 miles away in soutern Maryland on the Cheasapeake Bay.

"Everybody who works hard needs to find a balance in living," Mrs. Portner told me, "whether it's puttering around a week-end place in the woods or just browsing through old book stalls. You save doctor bills, marriage and sanity and get a proper sense of values."

You may have to stretch your budget, but you don't need a fortune to find this balance, says Mrs. Portner. What you might spend on a trip to Bermuda or some other vacation jaunt, soon over and forgotten, can be invested in a year-'round thing. The Portners go to their retreat almost every week end, even in winter. A large fireplace, a decorative old Franklin stove and an electric radiator give them ample heat.

The Portners met in Washington during the early '30s, when both were working for the Works Progress Administration. She was an administrative employee and he was an historian.

They came to Washington 11 years ago when Dr. Portner was made director of Administration for the National Archives. He was also editor of "Military Affairs," a quarterly periodical dealing with the art of war. Later, before joining WHO, he worked for the U.S. Displaced Persons Commission of the U. N. Mrs. Portner joined the Library staff about the same time. Their son James, 19, is with the Seabees at Newport, R. I.

In Washington the Portners live across from the Library in a renovated 1860 house where Dr. Portner is building up a collection of old books and she indulges in her flair for cooking. Their small country garden is interesting. Herbs for seasoning are scattered in separate little plots here and there. Radishes and lettuce border flowers planted at the foot of trees. Corn, rhubarb and asparagus occupy another spot.

"We have a wonderful time," said Mrs. Portner, "and when we come back late Sunday we're ready and willing to give ourselves up to the job of the week ahead."

ROCKY FORD, Colo. (AP)—Rev. Charles S. Mundell of Rocky Ford and his house guest, Rev. Charles S. Mundell of Los Angeles, have a lot in common besides having the same name. Both are retired ministers, but Rev. Charles Simeon Mundell of Rocky Ford was a minister in the Methodist Church and Rev. Charles Samuel Mundell of Los Angeles was a Congregational minister. Both are the fathers of two sons and two daughters, but the Los Angeles Mundell has forged ahead in the grandchildren department. He boasts seven, although he is youhger than his Colorado colleague, who has only five. The Rev. Mundell of Rocky Ford first started a correspondence with his Los Angeles friend when he read about Charles Samuel Mundell, who was known as the boy preacher back in high-button shoe days. The Rev. Charles Simeon was then living in Illinois. The Rev. Charles Samuel was born in Texas, where his father was a cowboy on the famous old XIT Ranch.

Up Easy, Down Tough

DENVER (AP)—So what goes up must come down, eh? Just try telling that to a balky horse, says Donald Dean, 22, of Denver. Dean borrowed a horse from a friend and rode to the top of Table Mountain near Golden, west of Denver. But when he started down, the horse apparently decided the going was too steep and refused to budge. So Dean built a fire and tried to keep warm during the night until searchers reached him the next morning. The other horses coaxed Dean's steed into making the descent.

Novel Scout Conference Set Thursday in Upper Sandusky

HOWARD WEST

A conference aimed at "selling Scouting in Wayandot and Crawford Counties will be held Thursday at 8 p.m. in Upper Sandusky. It will also attempt to show the relationship of the Harding Area Council to the Scouting program.

Called a "Relationsip and Sales" conference, it is the first of its type to be held in the council.

J. F. Kebe, North District chairman, with the help of Max L. Smith of Mt. Gilead, Council Organization and extension committee chairman, and other Scouters will conduct the conference in the South Elementary School auditorium on S. 8th St.

Speaker will be Howard West of Findlay, secretary of the Ohio Oil Co. and Scout commissioner.

Purpose of the conference is to discuss and more thoroughly acquaint representatives from all organizations in the North District, which includes Crawford and Wyandot Counties with the Scouting program and how it can be used in each institution and community.

It will also be shown how the Harding Area Council which includes Marion, Morrow, Crawford and Wyandot Counties, is prepared and willing to work with the local communities to reach every boy with the Scouting program.

Idea of the conference originated at a conference of Scouters from councils all over the eastern part of the United States recently and was brought back to the Harding Area Council by Smith.

The National Council is watching to see the results of the conference. Similar conferences will be held in other parts of the country if results are satisfying. Kebe urges all men invited attend with their wives or have a representative attend in their place. The public is invited.

The speaker, Howard H. West, a native of West Virginia, joined the Boy Scouts as a tenderfoot in 1917 in Findlay. He progressed through the ranks of patrol leader, senior patrol leader, assistant scoutmaster, scoutmaster, assistant district commissioner, district commissioner, district chairman and president of the Put-Han-Sen Area Council.

He is now Scout commissioner of his council, member of the Regional Executive Committee, chairman of Region 4 Jamboree committee, member of the National Council, and member of the committee on program and resolutions for the annual meeting of the national council in Los Angeles, Cal., in July. He is the holder of the Scoutmaster's Key, the Silver Beaver Award, Silver Antelope Award and the Thirty-five-year Veteran Award.

OFFICERS of the Ben Hur Club, headed by Mrs. Ralph Good as president, were installed at a covered dish luncheon meeting for members and patronesses Monday at the Women's Club Home.

Miss Ruth Kleinmaier, home economist for the Ohio Edison Co., spoke and showed a sound film on home lighting, "A Bright Future." The guests included Miss Ferol M. Burley, Mrs. Clifton Felty and Mrs. O. E. Williams. The Lord's Prayer in unison was used for devotions. Roll call was on "Wit and Humor."

Installed with Mrs. Good were Mrs. C. C. Metz, vice president; Mrs. R. G. Smallwood, recording secretary; Mrs. W. A. Dallas, corresponding secretary, and Mrs. E. C. King, treasurer. Mrs. Charles Melvin was in charge of the installation.

—:—

Two new members were welcomed when the T. F. T. Club was entertained recently in the home of Mrs. Veryl Short on Universal Ave. They are Mrs. Blanche Moore and Mrs. Arizona Petry. Mrs. Ruth Huff was a guest. Prizes in games went to Mrs. Short, first, Mrs. Petry, second, Mrs. Marie Collins, third, and Mrs. Hazel Boyd, fourth, and a special prize was won by Mrs. Moore. The next meeting will be at the home of Mrs. Helen Short.

Weddings

Mr. and Mrs. Chester Berry of 510 Universal Ave. are announcing the marriage of their daughter, Miss Marlene Herbst, to Robert O. Schroll, son of Mr. and Mrs. W. H. Schroll of 171 St. Clair St.

The wedding took place at 7 p. m. last Thursday at the home of the Rev. and Mrs. Bryan Ireland of Galion. The Rev. Mr. Ireland, a minister of that city performed the service.

Attending the ceremony were Miss Joan Brahm, of Marion and the bride's parents.

The bride is a 1950 graduate of Harding High School and is employed as a cashier at the Palace Theater. Her husband recently returned from serving with the occupational forces in Germany. He is now employed at the Quaker Oats Co.

They will make their home temporarily with her parents after they return from a short wedding trip to Niagara Falls.

—:—

Announcement is being made of the Monday evening wedding of Miss Delores C. Flemming, daughter of Mr. and Mrs. Earl Flemming, 190 Leader St., to Everett Eugene Thompson, son of Mr. and Mrs. Milton Thompson, 201 Waterloo St.

The double ring ceremony was performed by the Rev. Earl Holliday at the parsonage at 7:30 p. m. with Mr. and Mrs. Russell Thompson of Marion as attendants.

The couple will be at home at 199 S. Seffner Ave., following a week's wedding trip.

Mrs. Thompson is employed as a bookkeeper at the Marion Power Shovel Co. and is a graduate of Harding High School. Her husband is associated with Thompson Bros., painting and decorating.

Kilbourne K of P To Honor Dr. Crane

DELAWARE—A memorial to a country doctor, Dr. H. C. Crane, who served the Kilbourne community for 46 years, has been planned by members of the William Lodge, Knights of Pythias, in Kilbourne.

On Memorial Day a stone monument to the late Dr. Crane will be placed on the Crane family lot in Green Mound Cemetery in Kilbourne.

Funds for the marker, which will bear a special inscription, are being solicited by the K of P members. Robert Leonard, chairman of the drive, announced that donations of not more than $1 have been asked from friends and former patients of Dr. Crane.

Dr. Crane served as chancellor commander of Williams Lodge for three terms.

He was graduated from Starling Medical College in Columbus and practiced in the Kilbourne and the Brown Township area from 1896 to 1942. He died in 1947.

Support Ike's Foreign Policy, Truman Asks

JEFFERSON CITY, Mo. (AP) — Democrat Harry S. Truman has asked the nation to back the foreign policy of his Republican successor, President Dwight D. Eisenhower.

In his first public address since leaving the White House, Truman told a joint session of the Missouri State Legislature yesterday:

"I sincerely hope and pray that all of us will get behind the President of the United States and back him up in the foreign policy of the United States so that we may keep the peace in the world, for its welfare and for the welfare of future generations."

The 69 - year - old former President, who did not mention Eisenhower by name, said the foreign policy is not a partisan job.

In addition to the legislators, an estimated 1,500 to 2,000 persons jammed the House of Representatives chambers in the State Capitol to hear Truman's 20-minute talk.

In a reminiscent mood, he also dwelled on the responsibilities of president.

"Now there's a lot of conversation about the powers of the President of the United States," he said. "Do you know what the powers of the President are?

"He's the greatest public relations man in the United States, and he spends 75 per cent of his time persuading people, not ordering them, persuading people to do what they ought to do without being persuaded. That's the job of the President of the United States, and it's an all-time job. I put in 17 hours a day and then I couldn't get it all done."

Truman flew here in a Missouri National Guard plane and returned to his home town of Independence immediately after his speech.

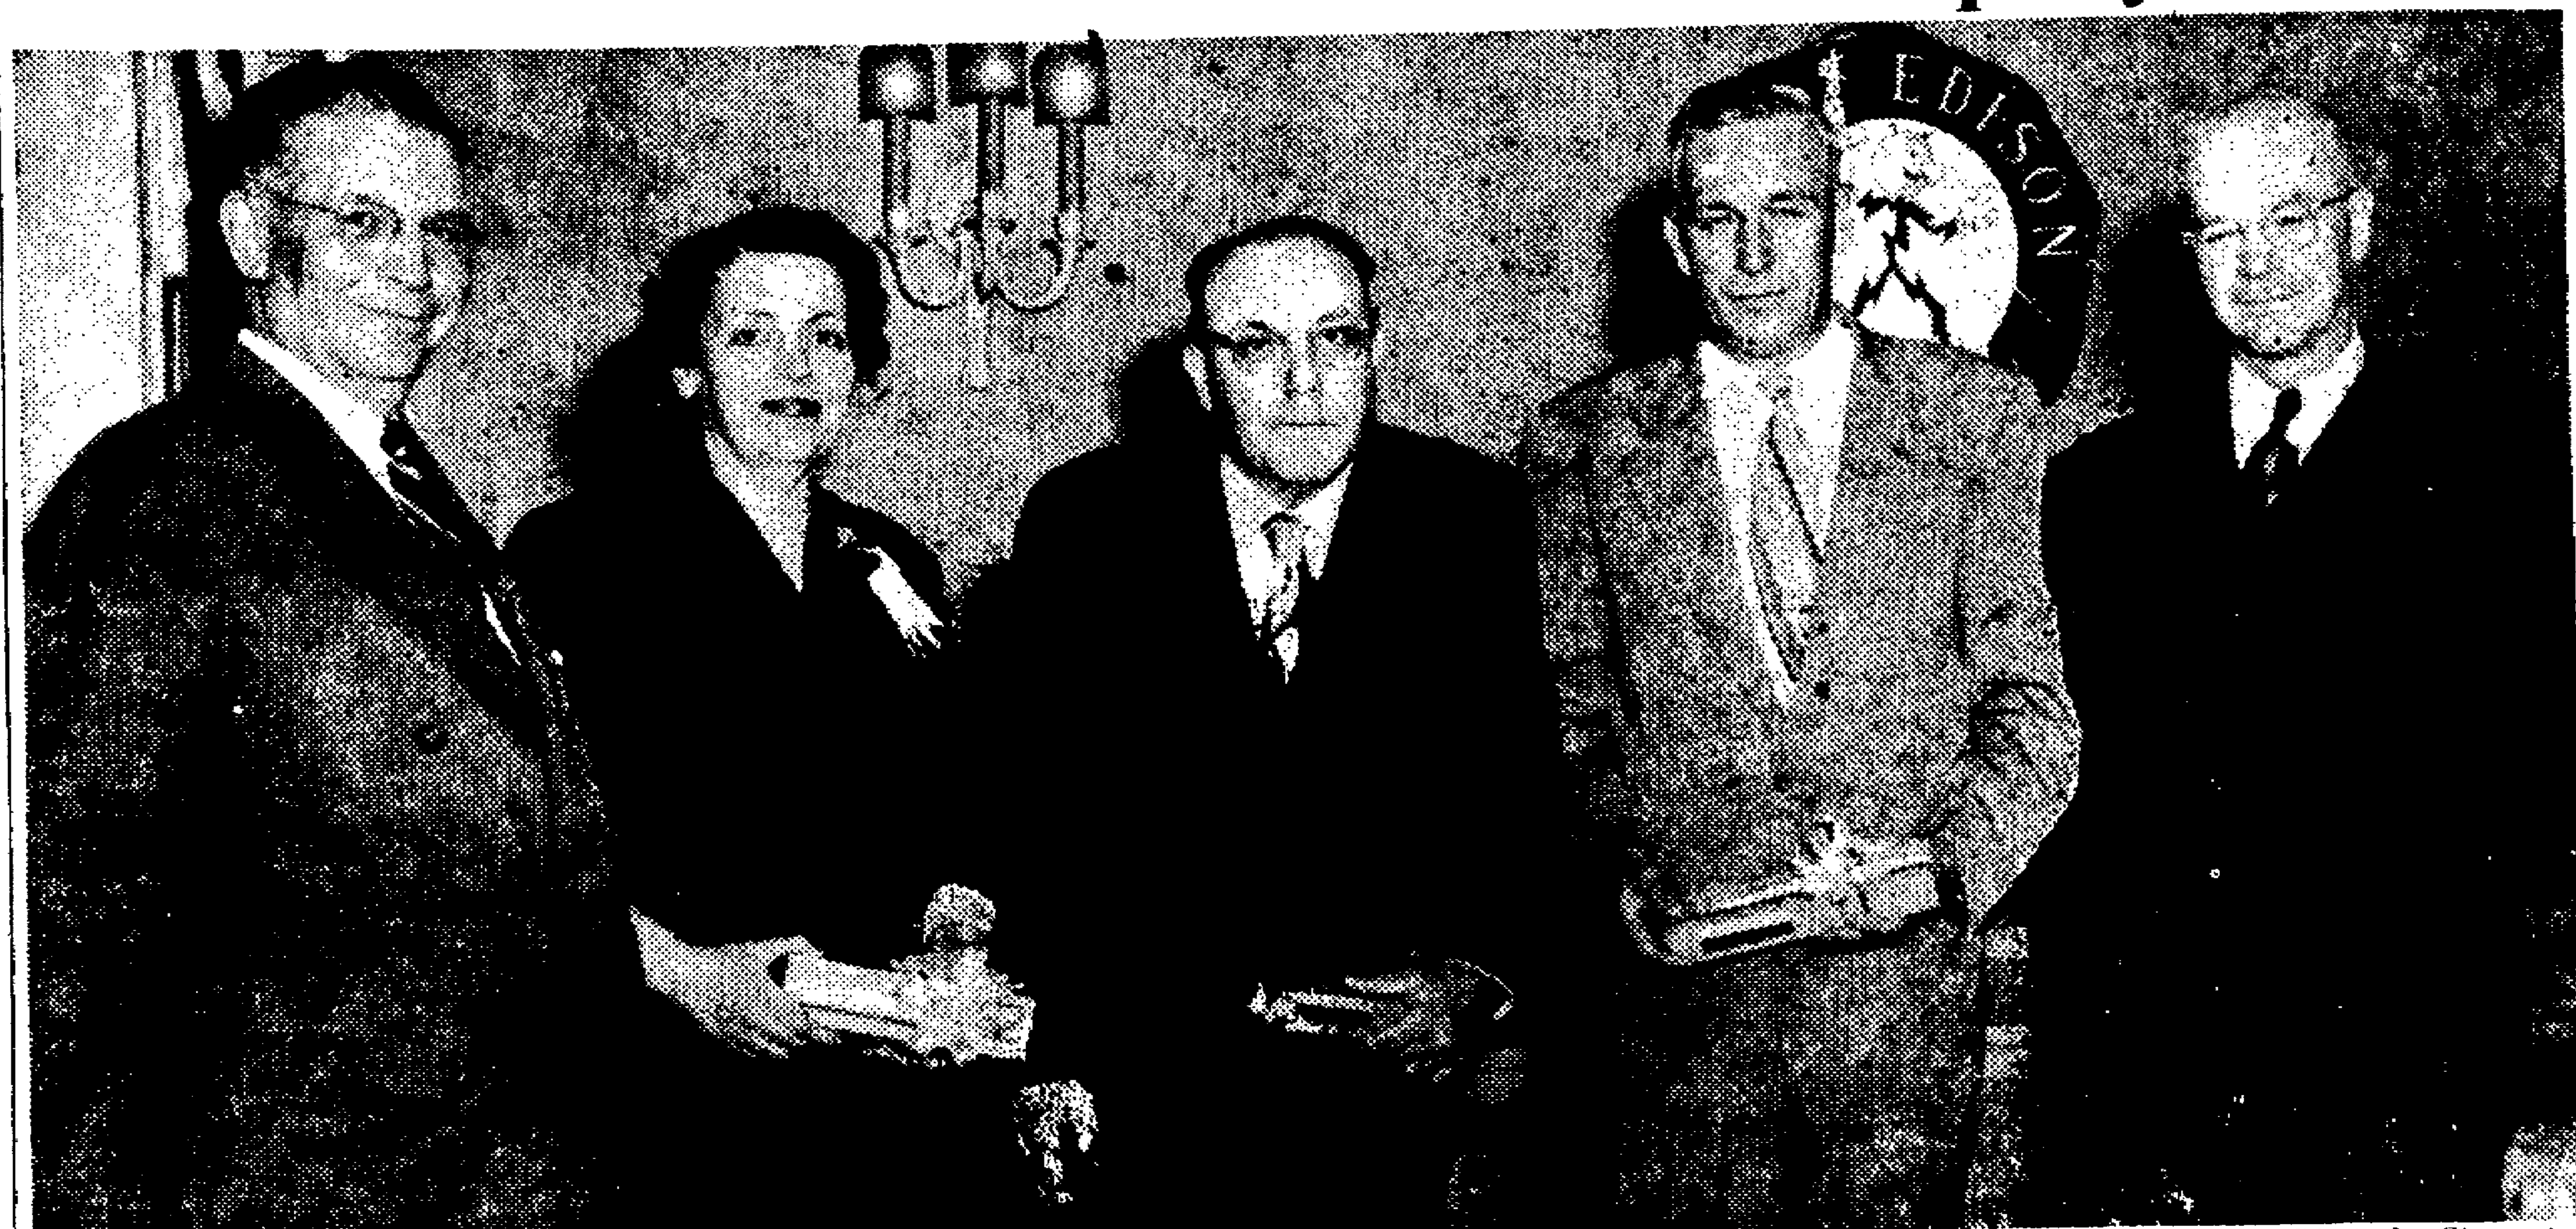
PROPAGANDA BLAST

TOKYO (AP) — The communists' Peiping radio said tonight American prisoners repatriated at Panmunjom have been "jailed in lunatic hospitals" because they refused to produce "the so-called atrocity stories that United States Army officers and officials demanded of them."

The propaganda broadcast, monitored in Tokyo b Radio Press, said some of the "jailed" American repatriates had succeeded in holding tyheir own press conferen and had voiced their disgust at the American press for printing atrocit stories.

Workers Presented Watches, Pins at Dinner

Ohio Edison Co. Honors Veteran Employees



—Photo by Stewart

PRESENTED GOLD WATCHES IN RECOGNITION of their 25 years of service with the Ohio Edison Co. were the three people in the center of the picture above. The awards were presented by Harold J. Grigsby, Marion division manager, at a dinner Tuesday night. Left to right are Mr. Grigsby; Miss Marguerite Walton, Frank Basford, W. P. Applegett, the honored employees; and M. W. Thernes of Akron, Ohio Edison treasurer, who represented W. H. Sammis, president of the company. Mr. Sammis was unable to attend.

—:—

M. W. Thernes of Akron, treasurer of the Ohio Edison Co., was in Marion Tuesday night for the Marion division's third annual service award dinner held at Hotel Harding. At the dinner gold watches and service pins were presented veteran employees.

Thernes congratulated the group on behalf of W. H. Sammis, president of the company.

Three Ohio Edison employees with 25 years of service were presented gold watches. They were Marguerite B. Walton, Frank C. Basford, and William P. Applegett.

Pins denoting 35 years of service were presented to Beryl D. Betz and Harry A. Cummins. They had been presented gold watches when Ohio Edison began its service award program three years ago.

Ralph W. Solinger, a retired employee, received a 30-year pin and other 30-year veterans honored were Harold L. McCurdy, Karl J. Marble, George E. Landon, Elsie M. Keller, Charles L. Haines, William G. Gallup, Truman G. Ellinwood, Ernest R. Daniels, and Edgar H. Christman. These, too, had been presented gold watches earlier.

A 20-year pin was awarded Edward E. Lash and a 15-year pin went to J. Richard Andrews.

Receiving 10-year awards were John W. Jenkins, C. Robert Ulsh and Homer E. Van Buskirk. Presented five-year pins were Leonard G. Ahmay, Auguste R. Bender, Allen B. Callahan, Howard Cameron, Robert E. Jacobs, John W. Johnston, Laurence J. Kersey, Guy W. Lynch, Roy Mash Jr., James R. Stalder and Harold S. Walker.

Guests from Ohio Edison's main office in Akron were: Mr. Thernes, G. W. McElhaney, general appliance service director; H. A. Stoddard, real estate agent; C. M. Tillett, assistant secretary; C. S. Bowden, general supervisor of power production; L. G. Putman, assistant comptroller; L. F. Kielsmeier, general supervisor of industrial sales; T. A. Kraft, supervisor of design section; and A. F. Stadler, general supervisor of advertising.

Music for the dinner meeting was presented by Mrs. Virginia Kohler and Billie Johnston. Stadler showed a technicolor film, "Highlights of the Year." The movie showed construction, progress and other activities of Ohio Edison during the past year.

Annual Event Presented at Edison Jr. High

500 Hear Concert By Harding High Choir

response to applause from the audience, they returned to sing

The Harding High School choir was well received by an enthusiastic audience of about 500 persons when it presented its annual concert Tuesday night in the Edison Junior High School auditorium.

Under the direction of L. G. Jones, the 80-voice choir gave a program of religious and spiritual numbers, along with semi-classical selection and novelty tunes.

A girls ensemble and a piano soloist, Lennette Smith, also took part in the program. The ensemble is composed of Gloria Endricks, Valida Wygle, Gail Pierce, first sopranos, Joan Krueter, Joyce Walker, Evelyn Price, second sopranos, Ann Arthur, Ann Sheppard, Margie Firstenberger, altos, all members of the junior choir.

The ensemble's selections were "I Shall Not Pass Again This Way," Effinger, "The Night Wind" Ernest R. Bell, and "The False Prophet," John Prindle Scott. In

"Three Little Maids."

Miss Smith, who also is accompanist for the choir, played three numbers, "Grillem," Schubert, "Scherzo in B Flat Minor," Chopin, and "Scherzo," John Duro, and as an encore, "The Stilt Dance," Charles Huerter.

First group of numbers by the choir included "Arise O God, and Show Thy Might," H. Morgan; "Create In Me a Clean Heart," Mueller; "He That Dwelleth," Marth, with Delores Cosey as contralto soloist; "I See God,' Leveen-Mencher, with a soprano solo by Jean Bibbee; "Hospodi Pomilui (Lord, Have Mercy)," Lvon-Wilkousky; "Eternal Life," Dungan-Stickles.

Numbers in the second group by the choir were "Deep River," Lynn Murray; "Let Us Cheer the Weary Traveler," Dett; "Lonesome Valley," George Lynn, with Joyce Matson as soprano soloist; "Religion Is A Fortune," Cain.

Included in the final group by the choir were "Master of Human

Budget-Cutters Strike Snag

WASHINGTON (AP)—The Congressional budget-cutting campaign struck a snag today when the House Appropriations Committee reported it could trim only 3½ per cent from the 1954 funds of the Treasury and Postoffice Departments.

This was the smallest percentage reduction made by the committee on any appropriation bill sent to the House floor this year. Indications were the House wouldn't cut much deeper when the bill is considered tomorrow.

As recommended by the committee, the $3,444,145,000 bill would appropriate $611,895,000 to the Treasury Department and $2,832,250,000 to the Postoffice Department for the fiscal year starting July 1.

This is $127,983,000 less than former President Truman requested in his January budget message, $53,433,000 of the cut being in funds for the Treasury and $74,550,000 in those for the Postoffice. It is only $5,425,000 less than Congress voted the two departments for the present fiscal year.

The World Today

Gambling Investigation

(Continued from Page 1)

county is not a serious threat to moral standards.

Bucyrus Police Chief A. L. Stuckert reported "In Bucyrus, punch boards have always been considered legal, so to speak. At least in this area, those who have them have been honest enough to buy the Federal stamp, rather than keep the punchboards 'under the counter."

"There is no big-time gambling in the community," he declared emphatically, referring to a published newspaper report that the county had "big time" bookie, poker and "club" operators.

A similar statement was issued by Crawford County Sheriff Elwood Jacobs, when queried by a Bucyrus reporter.

"We have no such thing as big time gambling here. Sure, there may be an occasional punchboard or candy board or the like, but they are not harming anyone. If there was such a thing as big-time operations, we'd get reports or hear rumors about them. And we have had no complaints along these lines," he added.

Galion Police Chief James L. Walker said "I was not aware of most of these stamp holders. I intend to check them all out as soon as possible.

"Of course, it is almost impossible for us to keep a 24-hour-a-day watch over all these places," he averred, but Chief Walker promised he would take action if any gambling is found.

Published statements in the Mansfield paper claimed prevalence of gambling in Crawford County is no secret.

"It runs the gamut from plush 'clubs' with roulette and crap game to the displaying of punchboards and tip sheets in roadside service stations.

"Many of the stamp holders, apparently, are legitimate small business operators," the article continues, "who have complied with the federal law requiring a federal tax stamp in order to take advantage of virtual non-enforcement of state gambling laws within the county. Others obviously are the "big time" bookie, poker and "club" operators," the article continued.

Grand Jury Foreman Robert M. Myers was questioned about the gambling reports. He declared, "This report is probably just the beginning of things. The people of Bucyrus are going to be all afire about this."

When told Crawford County had one gambling stamp per 1000 population, as compared with Lucas County, with one stamp per 33,000 persons, he replied, apparently astonished. "Wow!"

cases of this nature.

"But if a complaint is brought to my attention, it can be brought before the grand jury for investigation, and should the jurors feel there is sufficient evidence to warrant further investigations, it is their right to do so. Should they issue indictments, I would have to prosecute them," he added.

Explains Tax Stamps

G. C. Hooks, district director for the Internal Revenue office in Toledo said the purchase of gambling tax stamps has been mandatory since November, 1951.

From that date, and for the fiscal period ending June 30, 1952, a total of 99 stamps were purchased in the district. Of these, 27 were bought in Crawford County. The stamp must be renewed annually.

From July 1, 1952 through today, a total of 40 have been purchased by persons giving Crawford County addresses. During the same period, 109 stamps were purchased by persons in all 26 counties of the Toledo district, including Crawford County.

"The stamp is a special tax stamp, payable at the rate of $50 per year. It applies to certain types of gambling," said Hook. Included are punchboards, racing bets, sports pools punchboards and other types of gambling operations.

"What is done in some areas, after a person buys a stamp is that local law enforcement agencies go out after them and obtain convictions for violation of state gambling laws or local gambling regulations, since purchase of the stamp carries with it the implied admission of gambling operations."

"But as far as the Federal government is concerned, all we desire is to be sure the stamps are purchased by those who are actually engaged in some form of gambling operation covered under the law. Enforcement of the gambling statutes is up to local agencies, not the Bureau of Internal Revenue."

Here is the list of gambling stamp holders as it appeared in the Toledo Office of the Internal Revenue bureau last week:

The campaign will get off to a flying start Monday night at the kickoff meeting when the youth department of the Y makes the first popular contribution. Nearly 370 boys and girls took part in a salt water taffy sale last winter and the profits of the sale will be turned over to the drive chairman by two youth department members.

Presenting the check will be Henry Guthrie of 201 Bellefontaine Ave. and Bonnie Bush of 253 E. Walnut St. The two were chosen by the youth committee to make the presentation in recognition of their efforts during the sale. They were the top salesman and salesgirl not receiving a prize after the sale. The sale was conducted to purchase furnishings for the youth department of the new Y.

Radford will have an entirely new roster of Joint Chiefs members. Eisenhower chose Adm. Robert Carney to be chief of naval operations to replace Adm. William Fechteler. Carney is North Atlantic Treaty commander in Southern Europe.

Fechteler's term was not due to expire until 1955, but Wilson said it was decided the terms of all Joint Chiefs members would be two years. Until now some have been two years, others four. Cutting the term to two years means Fechteler is out.

Gen. Matthew B. Ridgway, now supreme commander in Europe, was named to replace Gen. J. Lawton Collins as Army chief of staff. Collins' and Bradley's terms expire in August. The White House had previously announced that Gen. Nathan Twining would replace Gen. Hoyt S. Vandenberg, who asked for retirement as Air Force chief of staff about July 1.

Confusion Over Budget

By JAMES MARLOW

WASHINGTON (AP)—Now you see it, now you don't: the balanced budget. At the moment there's a little confusion. No one has contributed to it more than Secretary of the Treasury Humphrey.

Around Washington Humphrey is credited with being one of the smartest and smoothest members of President Eisenhower's Cabinet. Last Friday he went before the Senate Foreign Relations Committee.

Later the committee chairman, Sen. Wiley, Wisconsin Republican, told newsmen Humphrey had informed the committee:

"Although I am distressed that we cannot balance the budget this year (fiscal 1954), I do not believe it should be balanced. The risks that would involve our security would simply be too great."

And Wiley quoted Humphrey further:

"There is no prospect at all for anything but an increase in the national debt at the present moment. We have not been able to make the reductions I personally hoped to make" and "the legal limit on the size of the national debt may have to be increased."

The reason for Humphrey's "distress" in giving such views was obvious enough: The entire Eisenhower administration is self-conscious about the problem of balancing the budget, which might mean a tax cut for everyone.

During the campaign the Republicans made it a main issue, condemning what they called the Truman administration's wasteful spending. They promised economy if they got in and talked of balancing the budget.

And they have tried hard, during their almost four months in office, to find ways of reducing government expenses to the point where they did not exceed government income, thus achieving the budget balance.

The day after Humphrey's statement, Sen. Taft of Ohio, the Republican Senate leader, said he was "very much disappointed" with the spending outlook for fiscal 1954, starting July 1.

He predicted Eisenhower's first budget year will show a deficit of 9 to 11 billion dollars "unless changes are made."

But if Humphrey was "distressed" and Taft "disappointed" by the outlook for fiscal 1954, at least one Republican was made hopping mad by Humphrey's quoted views.

This was Rep. Daniel A. Reed, New York Republican and chairman of the House Ways and Means Committee, which handles the problems of boosting and cutting taxes.

For months Reed has been anxious to cut taxes but the Eisenhower administration tried to hold him back until it had a chance to see how much spending it could cut.

It knew that a tax cut—meaning less government revenue—before spending could be reduced to match income, would leave the country not only with an unbalanced budget but perhaps an even bigger deficit.

"I am amazed," said Reed, "to see the white flag run up downtown. They seem to be surrendering to the spenders. They'll never balance the budget until they remove the shackles from business by reducing taxes."

And then yesterday Secretary Humphrey, so gloomy last Friday suddenly became optimistic although nothing has happened publicly to account for the change in mood.

He told reporters the government hopes to get out of red-ink spending by the middle of 1954.

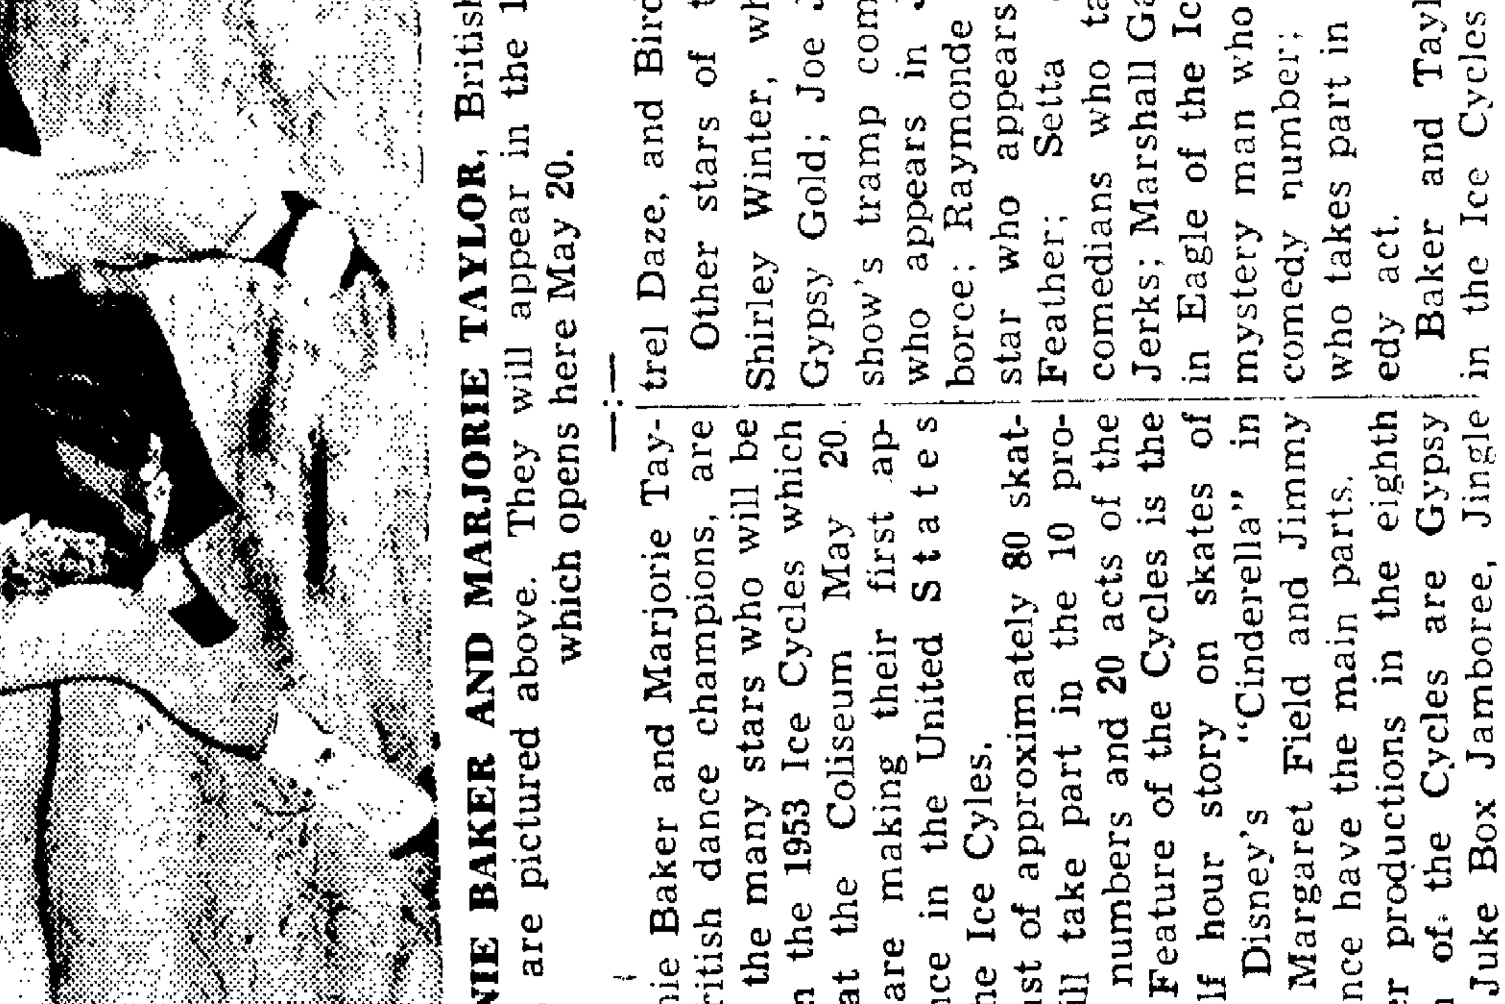
British Skaters in Ice Show



RONNIE BAKER AND MARJORIE TAYLOR, British dance champions, are pictured above. They will appear in the 1953 Ice Cycles which opens here May 20.

Ronnie Baker and Marjorie Taylor, British dance champions, are two of the many stars who will be seen in the 1953 Ice Cycles which open at the Coliseum May 20. They are making their first appearance in the United States with the Ice Cyles.

A cast of approximately 80 skaters will take part in the 10 production numbers and 20 acts of the show. Feature of the Cycles is the one-half hour story on skates of Walt Disney's "Cinderella" in which Margaret Field and Jimmy Lawrence have the main parts.

Other productions in the eighth edition of the Cycles are Gypsy Gold, Juke Box Jamboree, Jingle Bells, State of the Union, Dance Date, Teddy Bears' Picnic, Minstrel Daze, and Birds of a Feather.

Other stars of the Cycles are Shirley Winter, who appears in Gypsy Gold; Joe Jackson Jr., the show's tramp comic; Bill Brown, who appears in Juke Box Jamboree; Raymonde duBief, French star who appears in Birds of a Feather; Setta and Labrecque comedians who take part in Ski Jerks; Marshall Garrett, who stars in Eagle of the Ice; Esco LaRue, mystery man who takes part in a comedy number; and Willie Kall, who takes part in a ballerina comedy act.

Baker and Taylor are featured in the Ice Cycles Waltz in which Ice Cyclettes and Ice Cyclers take part.

Portable generators, huge searchlights and earth-moving equipment were rushed to the stricken city in speeding trucks flanked by police cars, their sirens screaming through the second day and night of rescue work. Blood and plasma came from far and near for the injured.

San Angelo citizens dug into their own pockets for money to aid the storm victims and in other cities funds were being raised to aid the losers to the deadly, destructive winds.

Dust storms lashed Midland, Wink, San Angelo and Big Spring areas of West Texas with grit. Visibility was lowest at Wink, where it was cut to a half mile.

More twisters were sighted in the vicinities of Sherman, in Northeast Texas; Gladewater, in East Texas; and San Antonio, in South Texas. But no damage was reported.

Blinding rainstorms, spawned by the same turbulence that sent the deadly tornadoes across Texas, poured up to 5 inches of rain on Huntsville, 4 on Nacogdoches and 3 on Jacksonville. Local floods harried residents of all three East Texas cities.

Elsewhere, flooding creeks and lesser rivers took their toll of livestock, property and human life. Near Temple, 35 miles south of Waco, Mrs. Lloyce Walker, about 50, was believed drowned when flooding Elm Creek swept her car off a farm highway.

Scores of state highways and farm-to-market roads were closed by high waters.

Other storms lashed Corsicana, College Station, Lufkin, Tyler, Longview, Junction, Wichita Falls, Dallas and Austin.

Edison Tri-Hi-Y Plans Dinner In Honor of Mothers

A project of the Edison Junior High School Tri-Hi-Y Club which has won a reputation for the members as efficient young workers will be brought to a climax Friday night when its purpose of honoring mothers is accomplished.

Money earned by the girls on their "Hobo Day" jobs will be used to entertain with a "Mothers Mixer" banquet that night at 6:30 at First Evangelical and Reformed Church at 324 S. Prospect St. A program will include the display of spring clothes presented by professional models from Columbus. The theme for the event will be "Moonlight and Roses." Aprroximately 250 girls and their guests are expected to attend.

Activities of the 170 girls from seventh, eighth and ninth grades at Edison who are Tri-Hi-Y members, in which they earned the funds for their annual mother and daughter dinner, included many odd jobs such as helping with housework and baby sitting. For a number, their work has resulted in jobs for the summer when school is out, and some have been employed by satisfied "bosses" on Saturdays during the spring since the Hobo Day project was launched in March.

Four models from the New York Modeling School in Columbus will give the girls and their mothers a view of good grooming in the light of spring fashions.

Appearing on the stage will be Mrs. Jodell Harris, a five-year "veteran" of more than 2,000 style shows. She has been featured in national magazines as a model. Miss Dorothy Kaiser, with the Correale Agency three years, is regarded as "one of the most beautiful blond models in the country." Miss Jill Larimore, who has been a leading model in Columbus the last four years, has appeared in many national magazines, and Miss Carol Sue Pailet, though only 16 and still a high school student, has done about 100 modeling jobs and has appeared in the March issue of a leading style magazine.

Advisors of the Edison Tr-Hi-Y Club are teachers of the school, Mrs. M. A. Hendel, Miss Virginia Fravel, and Mfs. H. W. Jacobs.

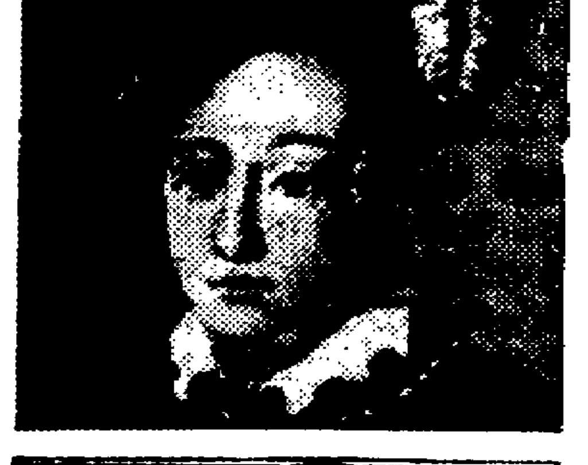
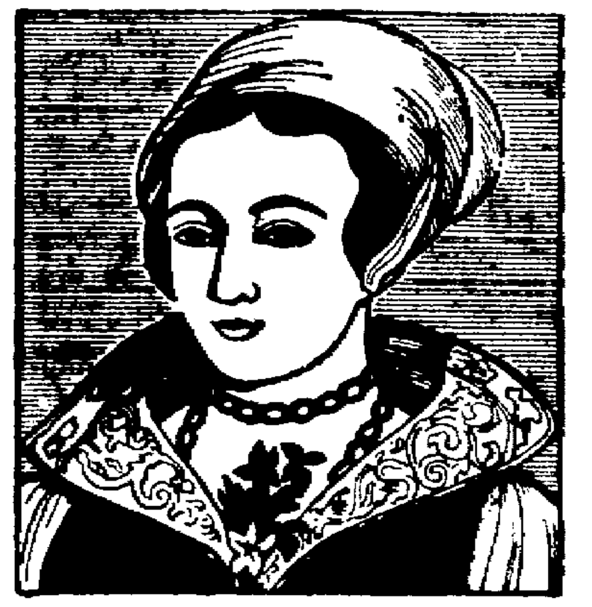
The PREDECESSORS of ELIZABETH II

No. 21: Edward VI. King of England and Ireland 1547-1553. Lady Jane Grey, Queen briefly in 1553.





[←]*Edward VI and* (at right) *his signature. A portrait of Lady Jane Grey is below Edward.*

Edward

Edward VI, born 1537, was the son of Henry VIII by his third wife, Jane Seymour, who died of the effects of the birth. Henry wore out in 1547—he was so fat he couldn't stand unaided—and made Edward VI a sickly king at 9. During his six years as king, Edward was the pawn of "Protectors." One, the Duke of Northumberland, arranged the marriage of his son to Edward's cousin, Lady Jane Grey, and induced Edward to designate Jane as his successor. Tragic Jane, who was 16 when Edward died of tb., was quickly overthrown by partisans of Mary, daughter of Henry VIII by Catherine of Aragon, and executed at Mary's command as a traitor. One of the most famous vessels ever built sailed the seas in Edward's reign—*the Great Harry*, the four-master considered the first ship of the English navy.

GOP Women Hear Reports Of Convention

Echoes of the recent Ohio Federation of Republican Women's Clubs meeting in Cleveland were heard at a luncheon of the Marion County Republican Women's Club Tuesday at Hotel Marion. Mrs. Raymond Furnis presided.

Delegates who attended the state meeting from Marion were Mrs. Mae Eichhorn of the Mautz-Owen Rd., Mrs. Homer Hufford of 161 John St., and Mrs. Jennie V. Reid of 799 Waples Ave. They were among the 2,000 present at the largest Republican Women's convention ever held in the state. Attendance doubled the expected number.

The convention was held Friday and Saturday at the Carter Hotel. The Ohio Federation of Republican Women's Clubs is the third largest state organization of Republican women in the country. Mrs. Katherine Kennedy Brown is president.

Problems considered were membership, finance, program planning and legislation. Speakers heard included Mrs. Iva Baker Priest, United States treasurer, Mrs. Frances P. Bolton, member of Congress from Ohio, Congressmen George H. Bender and Dewey Short, and Ohio Senator John W. Bricker. Speakers warned against "rumors of non-existant rifts between the President and Congress"

In the keynote address by N. R. Howard, a Cleveland editor, the women were urged to "set an example of earnestness and hard work concerning real issues . . . of discipline in undisciplined times . . . of readiness to find the truth, not merely the most favorable partisan arguments . . . of 'plain common sense'," it was reported.

But as city representatives left —cash in hand—Palmer presented them with a storage bill.

It was for $1,939.25.

Lone Red Division Remains in Laos

HANOI, Indochina (AP)—A single powerful division left behind in Laos by the Communist-led Vietminh was proving a headache today to the French and Laotian defenders of the little mountain kingdom.

All that remained to write finis to Moscow-trained Ho Chi Minh's invasion of Laos was for the defenders to uproot the Vietminh's crack division 304—but it appeared a tough proposition.

This division, behind a newly erected strong defense line, was concentrated around the town of Xiengkhouang, 18 miles south of the Plain of Jars in the heart of the kingdom.

The French had no explanation why they didn't attack from their entrenched position on the plain where they have concentrated superior power in armaments supplied by the U. S. Instead, they seemed to be waiting for the lone enemy division to withdraw from Laos, as the other divisions have done, or make a direct assault on French positions.

Midland Mutual Life Insurance Co. agents from ten counties attended a quarterly sales conference and noon luncheon in Marion Monday. Agents from Mansfield, Galion, Plymouth, Forest, Fostoria, Mt. Gilead, Delaware, Urbana, Bellefontaine, and Marion were in attendance. Carl Woodmansee and Alan Bergman, representatives from the service department of the home office at Columbus, were also present. The all-day session was held in the Marion company office with the noon luncheon served at the Hotel Harding.

GETS 2-YEAR SENTENCE

CINCINNATI (AP) — Lawrence Gleim, 29, Franklin Furnace, (Scioto County), was sentenced to two years in federal prison Tuesday after pleading guilty in U. S. District Court to two counts of sending obscene literature in the mail.

Epworth Group Plans Graduate Banquet

Committees of Epworth Methodist Church young people are at work on arrangements for the eleventh graduate banquet honoring seniors which will be held in the church Fellowship Hall May 21. Miss Reva Shifflet is general chairman, James Hachten is assistant chairman, and Miss Margaret Huffman is advisor. Guest speaker will be the Rev. Lloyd Zoller of Tipp City. "This IS Your Life" is the theme.

Named as chairmen of groups of workers are Miss Evelyn Price, program, with Mrs. Kenneth Roberts as teacher advisor, for a committee of 10; Misses Barbara Slob, Sally Pask, Ruth Hart and Mary Jo Myers, invitations; Mr. and Mrs. Paul Dasher and Mr. and Mrs. Erwin Porter, menu and dinner; Miss Onda Minshall, decorations, with Miss Reta VanMeter as teacher advisor for a committee of 11; Miss Sally Waddell, hostesses, with a committee of eight; Miss Marilyn Guy, tickets, with Miss Mary Jo Stafford as teacher advisor for a committee of 14; and Miss Diana Jones, teachers and guests, with a committee of seven.

Although clay tile now is widely in use for public buildings, it was not until the late 12th and early 13th centuries that the material first had widespread use for floors, principally in churches.

Franklin County To Pay for Bridge InDelawareCounty

Special to The Star

DELAWARE — Future maintenance and repair costs of the County Line Rd. bridge in the Hoover Dam area will be undertaken by Franklin County Commissioners, according to an agreement presented Monday to the Delaware County Commissioners.

The Delaware commissioners had previously refused to assume any responsibility for maintenance of the bridge which they said was necessitated by a city of Columbus project. The agreement was presented to Delaware commissioners by Henry J. Linton, special attorney for the project, and James H. Larva, Hoover Dam coordinator for the city of Columbus.

Linton said that since the reservoir project will be of considerable advantage to the residents of Franklin County, the Franklin County Commissioners are willing to take over complete future maintenance and repair of the bridge, approaches and guard rails.

Construction of the County Line Road bridge will be undertaken by the city of Columbus at an estimated cost of $760,000.

The formal agreement will be signed at a joint meeting of the two boards of commissioners in the near future, Prosecutor Clyde Lewis reported.

Hoover Dam will be constructed on Big Walnut Creek in Franklin County, just north of Central College, at an estimated cost of $17,000,000. The dam will make approximately 26,000,000 gallons of water available daily to Columbus. Water of the reservoir will cover about 3,400 acres, mostly in Delaware County.

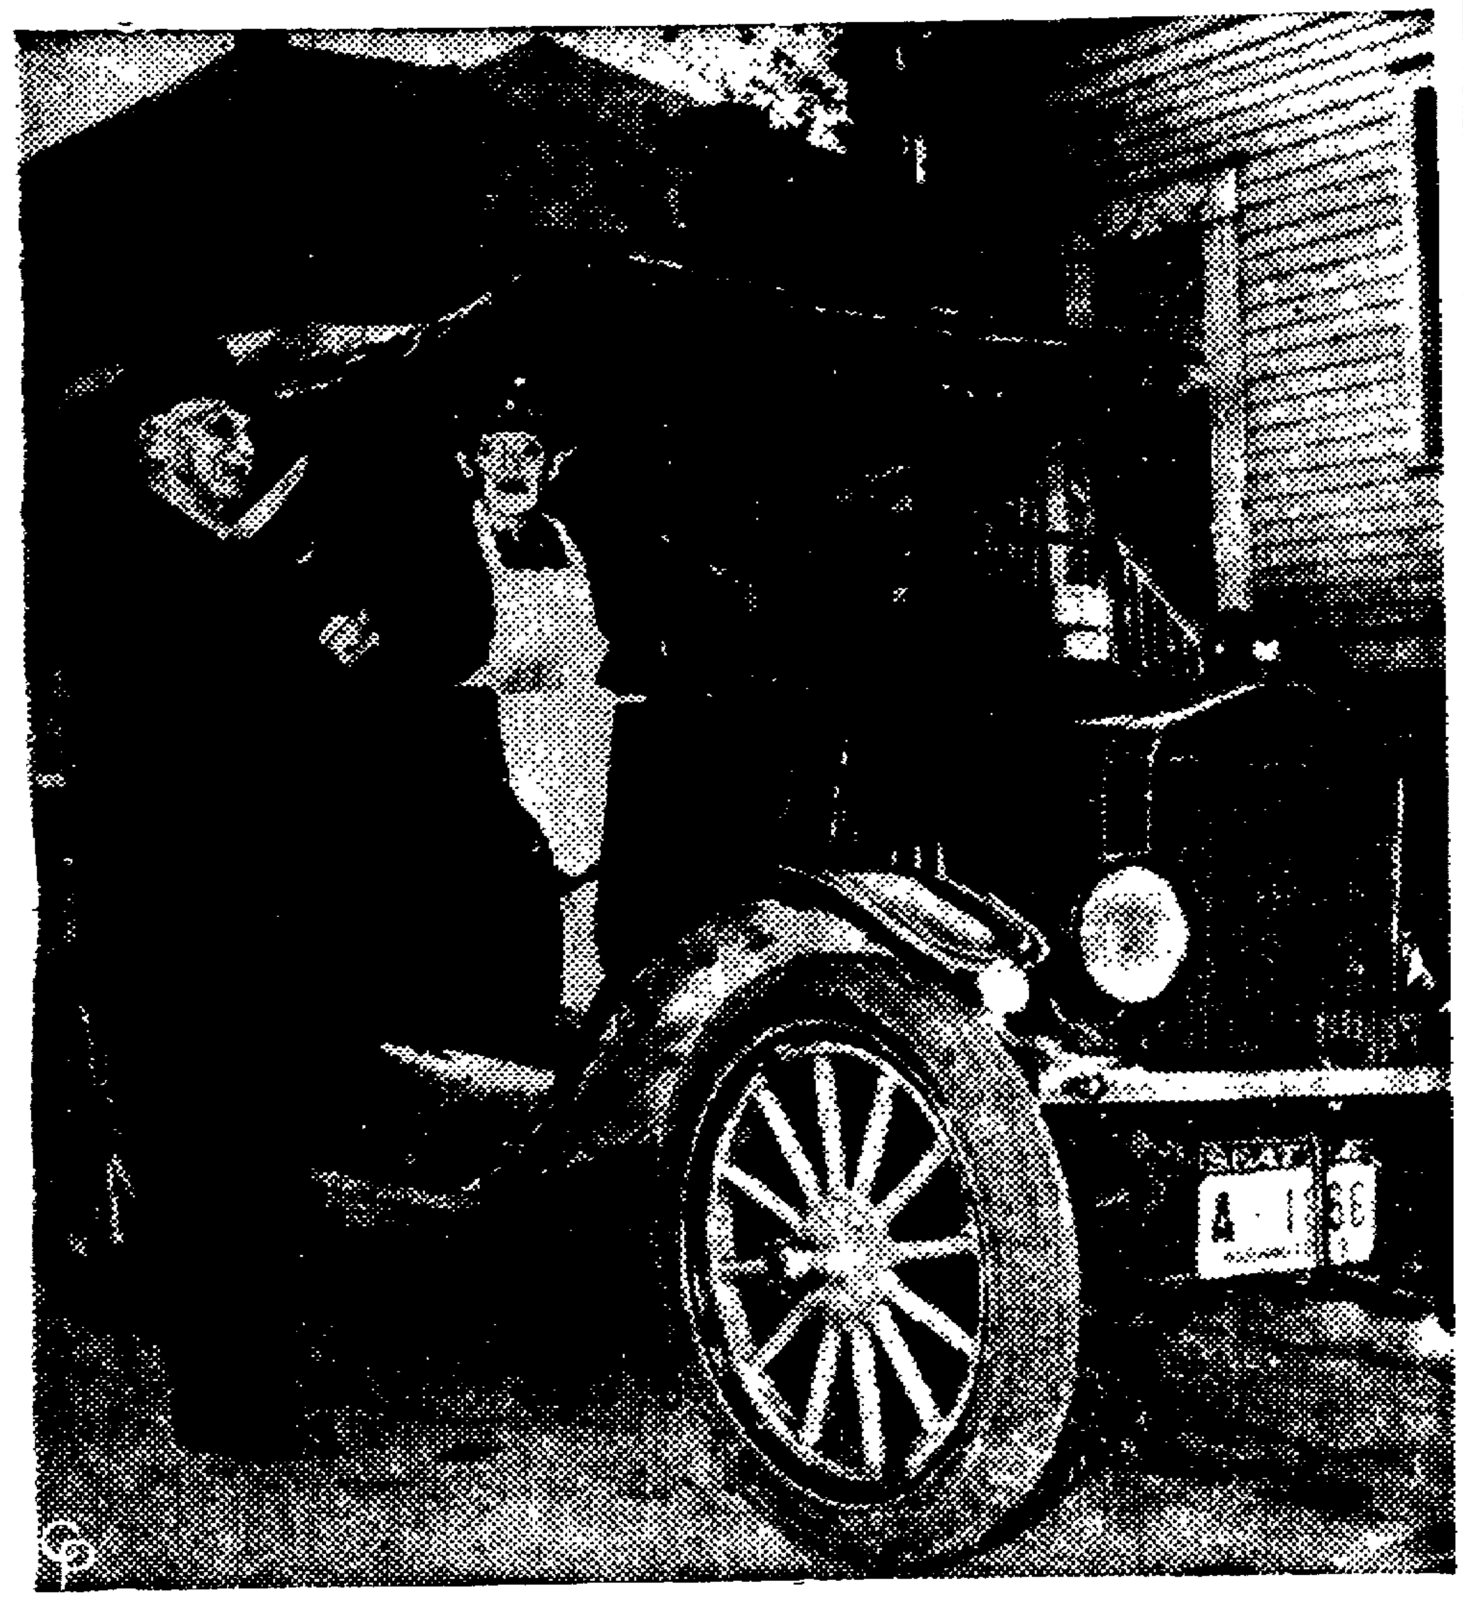
Richwood, Marion Residents to Wed

Special to The Star

RICHWOOD—Mr. and Mrs. Ray Eaches of Richwood are announcing the approaching marriage of their daughter, Miss Shirley Jean, to Jerry Austin, son of Mrs. Betty Austin of Marion.

Open church will be observed for the wedding which will be solemnized in the Richwood First Baptist Church at 7 p.m. Saturday, May 23.

Miss Eaches was honored recently with a miscellaneous shower held at the home of Miss Beverly Taylor in Richwood.



START 8,000-MILE JAUNT AT 86. Mr. and Mrs. J. F. Hielscher, both 86, prepare to climb into "Old Henry," their Model-T Ford, for a jaunt that will take them from their Seattle home on a 8,000-mile tour. They have already covered 160,000 miles, according to the speedometer. Their immediate destination is Minnesota, where both were born.

Blue Cross Insurance Campaign Scheduled

Blue Cross hospital insurance enrollment for Marion and Marion County will start Tuesday, May 19, at the Marion Water Company, nounced today. The sponsoring citizens committee includes Harold F. Robinson, mayor; Ralph E. Forrest, safety - service director; Mayme Gorton, city clerk; Keith B. Gibson, deputy auditor; and Owen A. Sifritt, fire chief.

Blue Cross also bears the endorsement of the Marion City Hospital, Irene Tinklepaugh, administrator, the announcement stated.

CIGARET LICENSES ON SALE

Cigaret vending licenses are now available in his office, Marion County Auditor Maurice Clements reported today. The old ones expire May 25, he reported. Cost for the retail license is $25 while the wholesale license costs $100. Last year approximately 359 retail licenses and six wholesale licenses were issued through the auditor's office.

Report of Month's Activities Made By Police Chief

More than one-half of all property stolen in Marion during April was recovered by police according to a monthly report issued today by Police Chief Tom Coon.

During the month two automobiles worth a total of some $1,550 were stolen but both were recovered. Four bikes worth about $147 were taken and eight, valued at about $272, were recovered. The extra four bikes were stolen before April and recovered after the beginning of the month.

Other property stolen amounted to $965 of which items valued at about $26 were recovered. Police Chief Coon made no break down of the other items as to specific types.

The report said that the total of property stolen was $2,662 while some $1,848 worth was recovered leaving a deficit of $814.

During the month 63 meals were served to city prisoners, 2,175 city radio messages and 97 country radio messages were transmitted.

Total receipts from traffic tickets issued during the month was $591.25.

OFFER REWARD IN SHOOTING

HAMILTON, O. (AP)—A reward of $1,500 was up today for the arrest and conviction of the person who fired the shot that wounded Carl Groh, 30-year-old farmer, last April 25. Groh was shot in the back while helping remove a disabled tractor from a field at the nearby farm of an uncle. The bullet paralyzed him from the neck down. The reward, raised by friends and neighbors, will be turned over to the Groh family if not claimed by Aug. 1.

OKs Seaway Power Project

WASHINGTON (AP)—An initial decision by a Federal Power Commission examiner gave fresh lift today to New York state's hopes that it may soon join with Canada in construction of a huge St. Lawrence river power project.

Examiner Glen R. Law, in a decision that is subject to review by the commission, directed yesterday that the power authority of New York be granted a 50-year license to build the American half of the estimated 600 million dollar project and to share equally in the estimated 12 billion kilowatt-hour annual output.

Jam-Berry Cake Is Truly a Dessert Delicacy

Like perfection, a successful party is no trible, but "trifles" can help to make a perfect party. So, to prove your reputation as an accomplished hostess, next time you are entertaining the girls, serve this luscious, elaborate - looking delicacy, a jam-berry cake.

Light-as-cloud angel food cake is sliced and spread with juicy home-made strawberry jam. Then whirls of whipped cream are smoothed onto the sides. Impressed guests will find it's not only attractive but tastes as good as it looks, too.

JAM-BERRY CAKE

Ingredients: I pkg. angel food mix, strawberry jam, 1 cup cream, whipped.

Method: Prepare angel food cake as directed on package and bake in two 8 by 4 by 8-inch loaf pans. Cool cakes in pans, upside down, resting corners on other pans. When cool, loosen around sides with knife and gently remove cake.

Split each cake into three layers. Spread strawberry jam between layers and on top of each cake. Spread whipped cream generously on sides of each cake.

STRAWBERRY JAM

Ingredients: 3¾ cups prepared fruit (about 2 qts. ripe strawberries), ¼ cup lemon juice (2 lemons), 7 cups (3 lbs.) sugar, ½ bottle liquid fruit pectin.

Method: First prepare the fruit. Crush completely, one layer at a time, about 2 quarts fully ripe strawberries. Measure 3¾ cups into a very large saucepan. Squeeze the juice from 2 medium-sized lemons. Measure ¼ cup into saucepan with fruit.

Then make jam. Add sugar to fruit in saucepan and mix well. Place over high heat, bring to a full rolling boil and boil hard one minute, stirring constantly. Remove from heat and at once stir in fruit pectin. Skim off foam with metal spoon.

Then stir and skim by turns for 5 minutes to cool slightly, to prevent floating fruit. Ladle quickly into glasses. Cover jam at once with ⅛-inch hot paraffin. Yields 10 medium-sized glasses.

House Extends Doctor Draft

WASHINGTON (AP) — The House has voted that the doctor draft should continue for two years to provide the 12,259 physicians and dentists the armed forces say they need in that period.

The bill was passed and sent to the Senate yesterday. It would exempt from the draft physicians, dentists and veterinarians with 21 months active duty since Sept. 16, 1940. Those with 12 months service in that time would be subject to 17 months service. Others would be liable for 24 months.

However, the bill would liberalize the rules for counting some kinds of military service.

Inside Labor

Labor Peace?

By Victor Riesel

There was a moment in Prsident Eisenhower's speech at the Hotel Astor the other night which revealed that he was not as well informed about what happens in the back rooms of the White House as were Mr. Roosevetl and Mr. Truman, who permitted nothing of importance to develop outside the oval office of all presidents.

RIESEL

Unnoticed by most of the convivial, celebrating, victorious army of the Republicans that evening was the moment when Gen. Eisenhower said rather quickly that labor peace was essential here at home—and the fact that it was said in such a confident manner that the commander-in-chief appeared to take it for granted.

But even as he spoke there was developing a major feud between the White House and that section of labor led by the embattled and whirlwindish Walter Reuther.

-:-

ONLY A FEW days earlier, Reuther had gone right into the White House for a showdown talk with the overworked "chief - of - staff", Sherman Adams, who also has the ulcerous job of dispensing patronage to the deserving.

From patronage dispensing can come the worst political diseases—including an allergy to all telephone bells and irate voices of the never-ending army of the deserving. So it was a very jumpy chief-of-staff who sat down with a very adamant chief of CIO, who came for a specific answer to a specific question.

Why had the White House held up the appointments of CIO men to government posts after they had been cleared as loyal Americans and the FBI had submitted reports disclosing they were not loyalty or security risks, Reuther wanted to know.

It had come to the CIO chief through the grapevine that the White House would have preferred that CIO select other men.

-:-

REUTHER HAD heard that the White House did not want to name CIO's candidate — thin, graying, Washington veteran John Edelman as assistant secretary of labor because Edelman came out of the old socialist movement. That was long ago. Now he was CIO's nominee.

Another CIO man, George Weaver, although cleared for security, was never named labor chief under Harold Stassen over at the Mutual Security Administration, although this had been promised.

It was apparent that the CIO, as the CIO, was not going to be represented in the Eisenhower government. If there were CIO men who had been neutral in the election, or had actually been Republican (as one had in Connecticut), there might be room. But for the moment the CIO was being ignored by the administration.

So Reuther told Adams, "This is it." The CIO would insist on Edelman's appointment. The next move was up to the White House.

-:-

TO INSIDERS, Reuther's strategy at this angry conference was apparent. The redhead was determined either to force official recognition of CIO as a labor-consulting force in the Eisenhower administration—or force the White House to repudiate CIO publicly.

There seemed no way out for President Eisenhower and the harassed Mr. Adams. For they couldn't turn to Labor Secretary Durkin either. Durkin was reported backing up CIO and refusing to suggest another labor man as his assistant secretary.

Reuther and Adams parted politely—but still apart.

Reuther soon recrossed Jackson Place to CIO headquarters for more talks on reorganization of CIO so that new "target" unionizing drives could be launched.

These will provide the industrial power on which Reuther knows all political influence is based. These are the drives which soon will

swift mobile unit—to be dispatched into any area where it is needed. It will be the 1953 edition of the flying squads of the early Detroit organizing days.

The staff will work under 13 regional chiefs, all directed by the central headquarters in Washington, which appears to have picked the textile and chemical (atomic) fields as the first targets.

The new regional chiefs are to be named on May 15. Not inconsequential in their selection will be political sophistication and knowhow. For Walter Reuther is very much aware that we're heading into the 1954 congressional elections. With no influence in the White House, the CIO most certainly plans to make a strong bid for it on the Hill. Reuther is losing nothing by default.

as beer should be!

What is an EXTRA DRY beer?

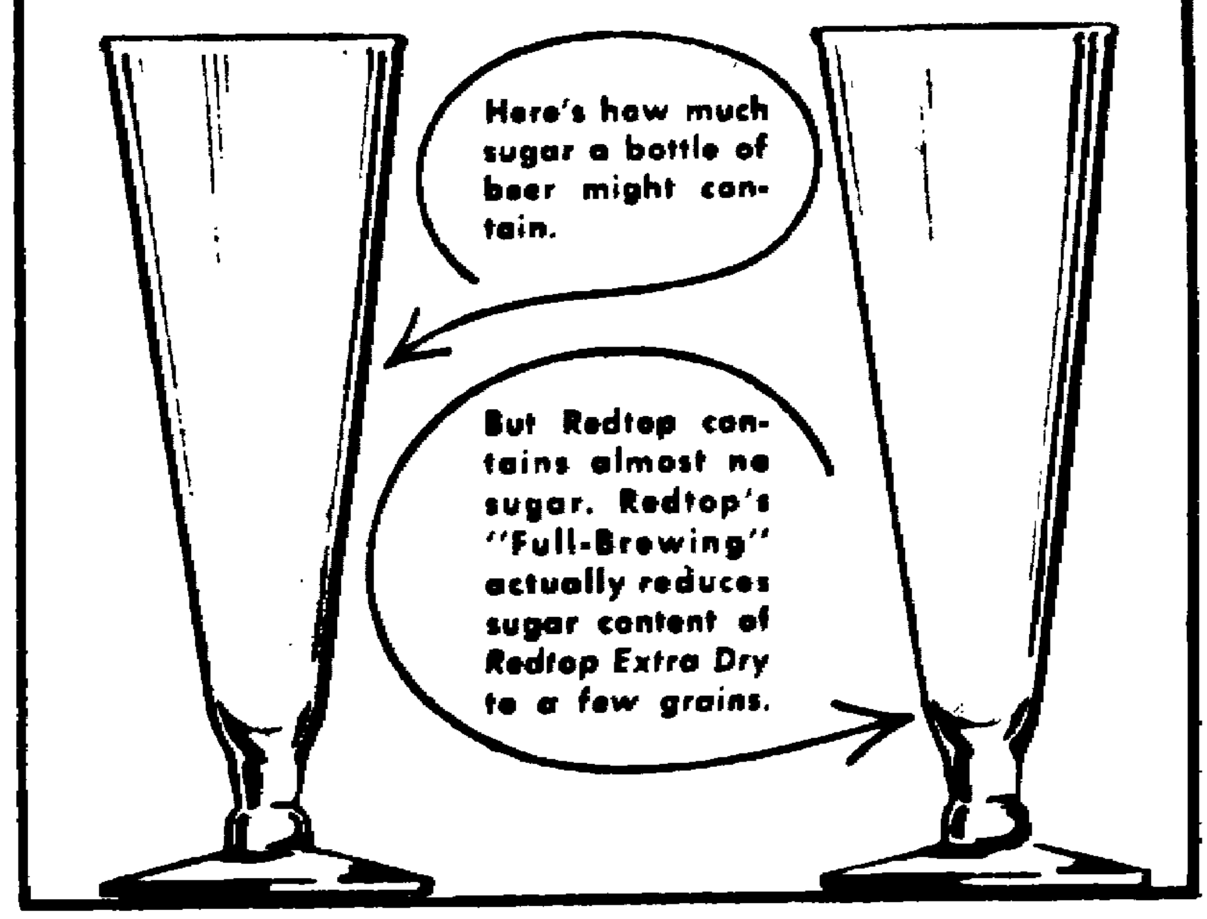
Let's see what the dictionary says: Dry means, "less sugar . . . without sweetness". Thus, extra dry beer contains the least sugar. That's important! Because the less sugar a beer has, the more true beer flavor comes through for you. Redtop has less sugar than any beer in town*! It's really Extra Dry . . . 99.03% sugar free . . . Extra Dry as beer should be!

Does EXTRA DRY beer taste better? Definitely! Extra Dry beer gives you more flavor . . . tastes cleaner, fresher, more satisfying! Why? Because Extra Dry beer contains no excess sugar to mask its true flavor. That's why Redtop Extra Dry tastes better! It has less sugar — 99.03% sugar free* — Extra Dry as beer should be!

How much sugar should beer contain? As little as possible! Redtop's specially created "Full-Brewing" process eliminates sugars . . . allowing all the true flavor to come through. Full-Brewing keeps Redtop 99.03% sugar free* . . . less sugar than any of the nation's beers tested! Get Redtop Extra Dry — Extra Dry as beer should be!

LABORATORY *Certified* TESTS

***REDTOP HAS LESS SUGAR AS PROVEN BY AN INDEPENDENT SCIENTIFIC LABORATORY**



Here's how much sugar a bottle of beer might contain.
But Redtop contains almost no sugar. Redtop's "Full-Brewing" actually reduces sugar content of Redtop Extra Dry to a few grains.

Test methods used approved by American Society of Brewing Chemists and conducted by an independent scientific laboratory.

Bid on Road Work In Hardin County

Low bidder on a state highway department road improvement project in Hardin and Hancock Counties was the C. J. Laffey Co. of Findlay, The Associated Press reported today.

Laffey bid $31,497 for the contract to improve sections of State Route 47 in Hancock County and State Route 195 in Marion and Roundhead Townships of Hardin County.

Highway department estimates on the work was $44,881.

STEEL WORKERS WALK OUT

WARREN, O. (AP) — A wildcat strike today had production at a standstill at Pittsburgh Steel Co.'s Thomas Strip Division here. The company said it believed the walkout, which idled 800, was in protest of Thomas' disciplinary action against two employes. The men are represented by the CIO Steelworkers Union.

DRIVER BURNS TO DEATH

HAMILTON, O. (AP)—Sixteen-year-old Charles F. Bechtel of Warren, Ind., burned to death in a traffic accident Tuesday. The youth was trapped in the cab of the truck he was driving after the vehicle overturned on Ohio 4 near here.

Delaware Driver Unhurt in Accident

John P. Morrison, 22, of Delaware, escaped injury Tuesday when his car veered off the right side of Route 37 at the intersection of Route 347, near Magnetic Springs.

According to state highway patrolmen, Morrison failed to see a warning sign indicating the turn in the road.

Slight damage to the grille, front bumper and hood of the car was reported.

FBI Seeks Soldier After Blast Kills Chicago Boy, 8

CHICAGO (AP) — An 8-year-old boy was killed last night by an explosion-hurled steel fragment and the FBI joined the search for a soldier three teen-age boys said supplied them with the explosive.

The victim, Edward J. Voytas, was struck by a piece of steel fence post while walking with his father, Joseph, 34, past Parker High School on the South Side. The father was stunned, but not otherwise injured.

Police Lt. Chris Nielsen said William Barnabee, 17, admitted detonating the demolition charge of pliable, waxy substance on a steel post in the school yard.

Nielsen quoted Barnabee, Andy Kohler, 16, and John Spanos, 15, that they obtained the substance from Mifflin Schaf, a soldier they said is now en route back to Ft. Belvoir, Va.

Barnabee, Kohler and Spanos and two other boys police said were near the scene but apparently were not implicated are being held for an inquest today.

CHURCH SOCIETY MEETS

When the Woman's Missionary Society met Thursday night at Trinity Baptist Church, Mrs. Donna Jones was the speaker. She gave a talk on Burma and missionary work there. The executive board of the society acted as the hostess group. Mrs. Ralph Wingett presided for business, and devotions were by Mrs. Harold Seiter. Mrs. John Cottrell read a letter of appreciation from a German family which had received clothing sent by the society. The program was in charge of Mrs. H. M. Brewer. Music was by Miss Mary Leonard, who sang, accompanied by Miss Julia Gorman.

Osgood Granted Largest Contract

The Public Contracts Division of the Department of Labor's Columbus office today announced the Osgood Co. here had been awarded the biggest government contract to be granted in the central Ohio area during the first nine months of the current fiscal year.

The local firm was listed as receiving a contract for $680,000 in cranes. A spokesman for the company said the government order already had been filled. The shipment of the order was made between Jan. 1 and the first of March.

The contract was for 12 mobile cranes for shipyard use. The rubber-mounted cranes were to be used at various shipyards throughout the country.

William E. Smith, supervisor of the Columbus office, said government contracts were let to Central Ohio firms amounting to $32,955,000 during the nine-month period. Next largest contract was awarded North American Aviation at Columbus for aircraft parts in the amount of $661,000.

EDWARD H. PARR

—:—

Marion Native Named Head of CIO Council

A native and former resident of Marion, Edward H. Parr of Alliance, has been named new president of the Stark County Industrial Union Council, central body for 27 CIO unions. A field representative of the CIO United Steelworkers, he succeeded the late Edgar V. Film.

Parr learned the molder's trade at the Marion Power Shovel Co. here where he went to work in 1919. He joined the steelworkers union here in 1936 and served as president from 1940-1945, when he became a field representative of the international union.

In April, 1949, he went to Alliance. At present, he is president of the Alliance Industrial Union Council and Alliance PAC chairman, and is secretary and treasurer of the Fairmount Children's Home Recreation Association.

Mr. and Mrs. Parr have one son and five grandchildren.

Lausche Won't Sign Bill Hiking Pari-mutuel Tax

COLUMBUS, O. (AP)—The act increasing the state tax on pari-mutuel wagering at horse race tracks probably will become law, but it will be without Gov. Frank J. Lausche's signature.

Lausche told newsmen Monday night: "I will not sign the bill."

But, he said, he asked Attorney General C. William O'Neill if there was any way he could allow the bill to become law without the 10-day wait required by the Constitution in cases where the governor does not choose to sign a bill. He was informed there is not.

The bill, first approved by the House and later amended sharply by the Senate, increases the present $1,800,000-a-year tax on horse race bets by about three million dollars a year.

Legion Post Honors Gold Star Mothers

Annual Event Held In Memory of Men Killed in Action

Gold Star Mothers were honored at a dinner given Monday night by members of Bird-McGinnis Post Auxiliary No. 162, American Legion, in the Legion Dugout. Entertaining mothers of veterans who lost their lives in the service of their country is an annual event on the auxiliary calendar. Joining the honor guests were Dr. George Pfleiderer, commander of the post, Mrs. Charles McNeil of Toledo. Ohio Department president. and Mrs. Lee Moore of Zanesville, department secretary. Mrs. McNeil gave a talk on activities of the auxiliary and a talk also was given by the state secretary. Greetings from the Newark auxiliary were extended by Mrs. John Duncan.

Mrs. Marshall McKinstry, a charter member and Gold Star Mother, read an original poem, and Mrs. Clyde Mitchell also a charter member and Gold Star Mother, presented five of her six daughters, Mrs. Dennis Malloy, Mrs. H. E. Smith. Mrs. Vaughn Schertzer. Mrs. J. R. Monahan of Marion and Mrs. L. R. Johnson of Cleveland Mrs. Willis Ennick of Edison was not present because of illness.

Announcement was made of an auction to be held at the next meeting, May 25, at the Dugout and a report made on a dinner served May 7 for a fraternal bowling team. Plans were announced for serving a lunch for the Legion summer conference to be held here June 7. Reports were given on a trip to the veterans hospital at Chillicothe and also to the children's home at Xenia. Mrs. Hester Harraman, chairman for the annual poppy sale May 22, reported on plans for the event.

Mrs. Curtis Laubner sang two numbers, "Youth and Spring," Steiner and "The Lord's Prayer," Mallott.

For the dinner the tables were decorated with potted red geraniums. The honor guests included Mrs. Marshall McKinstry, Mrs. Clyde Mitchell, Mrs. Edwin Griffith, Mrs. Harry Zieg, Mrs. Manuel Fogle, Mrs. Della Jones, Mrs. Albert Chontos, Mrs. Lewis Ulery, Mrs. Harrison Leffler, Mrs. Arthur Reilley, Mrs. A. Favors Private Enterprise In Farm Program

CCC Head Believes Govt. Should Step Out of Administration

WASHINGTON (AP) — An Eisenhower administration farm official said today improved farm programs may require easing of anti-trust laws to allow farmers, processors and distributors to work together to hold farm prices stable.

John H. Davis, president of the Agriculture Department's $6,700,000,000 Commodity Credit Corporation, made this suggestion in a statement offering one answer to the question, "Who should carry out our farm programs?", and published in a department periodical on marketing activities.

Davis said the problem of how to stabilize farm prices is still unsolved after 40 years of effort on part of farm leaders and governments.

"I am not saying that the present farm program is a failure," Davis wrote. "To remove our present program without something better to take its place might throw the economy into chaos. The trouble with our present program is not that it holds promise to the farmers of too much, but rather that it offers too little—that it is inadequate to meet the needs of our time."

The CCC president said he believed more progress toward stabilizing the farm economy can be made if private enterprise rather than government takes the chief responsibility.

In the past, Davis said, private enterprise has not met a need to develop an adequate farm marketing system. He said it has been discouraged from assuming greater responsibility in the marketing field by antitrust laws.

"Then, too, the farm organizations, farm leaders, and political leaders have tended to look askance at large, integrated operations on the part of those handling farm products," he said.

A "hopeful" approach, he said, would seem to be that of encouraging voluntary co-operative arrangements on the part of producers and all segments of the agricultural handling, processing and distributive industry to build an adequate marketing system.

'Governmentese'

By Inez Robb

INEZ ROBB

Among the various shortages from which this nation is now suffering, in addition to ammunition, common sense in Congress and a good nickel cigar, is a general shortage of "young mobile woman."

I am indebted for the above information to the U. S. Department of Labor which views the situation with gobbledegook and alarm.

The phrase "general shortage of young mobile women" does not mean that the current crop of American girls is muscle - bound, slow on the take-off or in need of atomic-powered hot-rods.

-:-

IN THE BEST governmentese, the Department of Labor defines a young mobile woman as any lass "between the ages of 18 and 34 without family responsibilities to tie her down."

Obviously what makes her mobile is not an ability to jitter-bug but to leave home and like it for any of a thousand jobs now open to her.

With both the armed forces and civilian employers clamoring for young mobile women, girls—even with relatively little business training—can take their pick of jobs at relatively good pay, says Uncle Sam.

Or, as the Labor Department puts it: "Let's face it: There simply are not enough young mobile women to fill today's jobs and train for tomorrow's."

-:-

THE GOVERNMENT comes up with two reasons for the shortage in this 18-to-34 age bracket.

First, it blames the low birth rate of the depression years for the current shortage of young mobile women, and second, the sharp increase in the number of early marriages and the rising birth rate in the post World War II period.

That second reason — the sharp increase in early marriages and the rising post-war birth rate—may be hard on the Department of Labor, the armed services and civilian employers on the prowl for female employes with family responsibilities to tie them down.

But it confirms the general impression that the American girl is a smart cookie who knows that one husband in her own home is better than fifty typewriters, adding machines or file cabinets in some corporation office.

-:-

UNCLE SAM has not asked me, but I shall be happy to tell him that his definition of a young mobile woman as any femme between "the ages of 18 and 34 without family responsibilities to tie her down" is just about the fanciest definition I have ever read of an old maid, spinster or bachelor girl.

This is just one woman's opinion, but I can't think of any fate more grim than being 34 "without family responsibilities" to tie me down. What all right-thinking young women have on their minds is matrimony, and Uncle Sam ought to rejoice in the fact.

-:-

IT IS the inalienable right of every American girl to have a husband to love, honor and obey, on those occasions when he is right. And nothing is more cause for serious alarm in this country than the sudden post-war preponderence of women in the national population.

This is a serious problem and I expect the new administration to deal with it seriously and promptly.

Never mind two cars in every garage, President Eisenhower: What this country needs is a husband in every home!

There isn't any job in the world as satisfactory to a woman as home and husband, and the Labor Department can go soak its head.

The only thing I view with real alarm is the fact that in these topsyturvy times a girl can get a job so much more easily than a husband.

If this is normalcy, make mine vanilla.

N.Y. Stock Quotations

NEW YORK (AP)—A lower drift took the stock market down moderately today.

Nowhere in the list was there any selling pressure. At the same time many individual issues displayed independent strength.

Volume gave scant insight on the market's behavior. Trading was at a rate only slightly higher than yesterday's low 1,080,000 shares.

Steels displayed early steadiness and then came through with a few small minus signs.

Aircrafts were down right from the start and remained depressed without building up any volume.

Lower stocks included Republic Steel, Studebaker, General Motors, Goodrich, Boeing, United Aircraft, American Telephone, American Cyanamid, General Electric, Southern Railway, and Gulf Oil.

On the higher side were Allied Chemical, Eastman Kodak, and Johns-Manville.

Ford Masters Indians On One Hit; Phillies Regain Lead

Young Hurlers Silence Bats; Braves' Rookie Stars

By BEN PHLEGAR
AP Sportswriter

W hite yo,dF a c oNycew York Whitey Ford, a cocky New York Yankee left-hander, and Bob Buhl, a Milwaukee rookie making his first major league start, have joined the growing list of young pitchers who are out to prove that today's baseball isn't as lively as some folks claim.

Last month home runs were flying in all directions, but in the past week it's been a different story.

A week ago tonight Bobo Holloman of the St. Louis Browns tossed a no-hitter. Sunday afternoon Don Liddle of Milwaukee broke in as a starter with a two-hitter, and Bob Porterfield of Washington threw a one-hitter. Last night Ford baffled the Cleveland Indians on one hit—a slow rolling grounder that never got as far as third base. And Buhl, another Braves' first-year man, mastered the New York Giants on two hits.

Ford won his game, 7-0, giving the Yankees a comfortable two-game bulge over the second-place Indians. Buhl lost his shutout in the ninth, but still triumphed easily, 8-1.

The Yankee victory was a masterpiece by Ford, who, back in the big leagues after a two-year Army hitch, has a phenomenal record—12 major league starts and 12 major league victories. The only time he has been beaten was in relief against Philadelphia in 1950.

"That was my best one," he said after last night's game. "I've never pitched a one-hitter before. As long as the hit had to come I'm glad it came that early. I don't know if I would have been able to stand the tension.

"Sure I know I had a no-hitter going. I always look at the scoreboard. When Early Wynn topped that ball I just couldn't get to it. I said to myself, 'Well, there goes the no-hitter.'"

Wynn, who was opposing Ford on the mound, just got his bat on a 3 and 2 pitch in the sixth inning and dribbled it between the mound and third base. Ford charged in along with third baseman Gil McDougald. When he saw Ford couldn't make it, McDougald made a stab for the ball but couldn't find the handle. The official scorer scored the lone New York run after an outfield fly by Daryl Spencer.

The Philadelphia Phillies took over the lead in the National League by edging the St. Louis Cadinals, 65, after Brooklyn had lost the only daylight contest, 6-4, to the Chicago Cubs on Dee Fondy's 11th-inning home run. Pittsburgh and Cincinnati were rained out at Cincinnati after 2½ innings with the Pirates leading, 5-1.

Holloman, making his first appearance since tossing his no-hitter, couldn't come close to matching that success. He gave up two runs and lasted less than two innings at Philadelphia before he retired with a blistered finger on his pitching hand.

Don Larsen took over for the Bowns and they went on to whip the Athletics, 7-3.

Washington won its fifth in a row, 10-1, over Detroit, and Chicago won an uphill battle at Boston, 9-7, in 10 innings.

After leading twice the White Sox went ahead to stay in the 10th when Ferris Fain doubled with the bases loaded to score two runs. The victory left Chicago only nine percentage points back of second-place Cleveland.

Ned Garver, who had shown marked improvement for Detroit after losing his first three starts, was battered by the Senators for 13 hits and all of their 10 runs in less than six innings.

The Phillies and Cardinals were locked in a 1-1 tie until the ninth inning. Then the Phils exploded for five runs and the Cards came back with four on home runs by Steve Bilko and Solly Hemus.

Matthews, Beshore Battle to Draw

PORTLAND, Ore. (AP) — Veteran Harry (Kid) Matthews of Seattle, trying to get back into the ranks of leading heavyweight contenders, was hard-pressed to gain a draw with Freddy Beshore of Los Angeles here last night.

Referee Ralph Gruman voted 60-40 for Matthews. Judge Freddie Steele had it 56½-53½ for Beshore. Judge Bobby Richards called it even.

SHORT SPORTS

By John Short

Hardest working group in the Marion sports scene at the present time is the girls making up the six teams in the Marion Girls' League this season.

SHORT

The six managers and their coaches are spending most of their time polishing up their charges for the opening session next Tuesday night. The team managers admit they encountered a little trouble in rounding out their teams. Dan Cupid took a heavy toll of the league performers since last season.

Hardest hit probably is the squad from the General Telephone Co. Manager John Guthrie was greeted by only three girls from last year's third-place finishers. He carried a gloomy expression around with him but after watching his charges in a few practice sessions, he's all smiles again. He hints that 13 new girls are going to help the squad in the pennant race.

Back for another fling are Veda McClellan and Coleen Kneisley, who last year formed one of the loop's top batteries, and Diane Cramer, who is back at her old shortstop position.

Girls on whom Guthrie is depending include Joan Jury, Kay Alloway, Jo Nelle Brashear, June Cochran, Joan Converse, Mary Jane Gorrell, Carol Lehman, Jo Ann Price, Marilyn Sifritt, Maxine Beachum, Ruth O'Hara, Joan Carothers and Helen Weston.

Guthrie was drafted into the job of handling the team. Last year's skipper, Paul Cramer, entered the armed services and Guthrie was called to finish the season in his place. This year, he automatically picked up the reigns.

He is being assisted by Lloyd

BUCKING BRONC. Clem Cramer, 23, of San Jose, Calif., got a rough start at hill climbing in Dublin Canyon near Hayward, Calif., as his mount went out of control near crest of climb. Cramer, an experienced racer having his first fling at climbing was uninjured by his runaway motorcycle.

Dom, Last Of The DiMaggio Family, Quits

Prefers Retiring Rather Than Being A "Hanger-on"

BOSTON (AP) — Modern baseball's three center-fielding DiMaggios—were united on the sidelines today as a result of 35-year-old Dom's voluntary retirement after 10 seasons as a Boston Red Sox star.

The last of the Red Sox' 1946 pennant winners, Dom DiMaggio announced last night he had decided to follow the examples set by brothers Joe, one of the New York Yankees' greatest, and Vince who played for the Boston Braves, in seeking new means of livelihood.

In a formal statement, Dom, while stressing the fact that his vision "is better than 20-20 in both eyes," with the thick spectacles he has worn during all of his career, explained that he could play at least one more season of good baseball but preferred to give up

Can Win With Boone, Says Lopez

NEW YORK (AP)—Al Lopez believes his Cleveland Indians can win the American League pennant with Ray Boone at shortstop.

The affable Cleveland manager, before Tuesday night's game with the New York Yankees, termed Boone a vastly improved player because of added confidence and a change of attitude.

"It was difficult to teach him anything last year," said Lopez. "It seemed like he resented advice. When we tried to tell him anything, he took it as a personal affront . . . as if he was afraid of being shown up.

"He's been a different boy this year. He now seeks advice. He's also working a lot harder. I dare say he was the hardest worker in our spring training camp. He would spend hours before and after a game to improve his play in the field."

10 Clubs To

Rain Saves Redlegs From Loss to Bucs

Game Stopped In Third Inning With Cincy Behind, 5-1

CINCINNATI (AP)—The Cincinnati Redlegs, who have been complaining about bad weather, had reason to be grateful to it Tuesday night.

The Redlegs were trailing Pittsburgh's Pirates' 5-1, in the bottom of the third inning when rain, which already had halted the game once, proceeded to come down in buckets and force a postponement.

Weather permitting, the two clubs will try it again today, with Howie Judson (0-0) set to start for Cincinnati and probably either Johnny Lindell (2-2) or Howie Pollet (1-1) serving 'em up for the Bucs.

The first inning Tuesday night went scoreless, but the Pirates came up with two runs in the second frame and had racked up three more in the top of the third. The Rdlegs had one out and no one on when the game washed out in the bottom half.

Carlos Bernier's home run, his first of the season and one which will never go down in the record books, was followed by another Buc run on a double, sacrifice and single in the second.

The Redlegs had one out and no their half on a single by Ted Kluszewski, Jim Greengrass' two-base hit and a long fly by Roy McMillan, but the Pirates rapped reliefer Hermie Wehmeier for three runs in the third.

Charles Wins 9th, Expects Shot at Title

TOLEDO, O. (AP)—Ex-world heavyweight champion Ezzard Charles had nine straight victories in his comeback bid today after winning a unanimous decision Tuesday night over Bill Gilliam.

The 31-year-old Cincinnati, O., battler, gaining the advantage in the last five rounds, slammed Gilliam to the canvas with a minute gone in the 10th with a short right to the jaw.

Slow Dribbler By Wynn Only Safety In 7-0 Loss

NEW YORK (AP)—It's a horrible thought for Cleveland Indians' rooters, but the Tribe probably will face New York's Ed (Whitey) Ford six more times this season.

Tuesday night the 24-year-old southpaw flung a one-hit, 7-0 shutout at the Tribe before 55,459 fans, baseball's biggest crowd of the season.

One week ago in Cleveland he humiliated the Tribe 11-1 and would have had a seven-hit whitewash but for a pinch homer in the eighth.

Only a slow roller that pitcher Early Wynn topped down the third base line in leading off the sixth inning prevented Ford from posting a no-hitter Tuesday night. He walked five, struck out five and pitched to only 30 batters because of two Yankee double plays, one of which he started himself.

As the game progressed, Ford got stronger. After the fifth inning the only walk he gave was Larry Doby's second of the game. And in the eighth he struck out three Tribe pinch hitters — Jim Lemon, Wally Westlake and Hank Majeski.

Yes, if Ford is physically sound, it's a safe bet Manager Casey Stengel will have him start at least once in each of the remaining six series Cleveland has with the world champions.

While Ford was posting his third victory of the season, Wynn was losing his first after three 1953 triumphs a string of seven at the end of the 1952 season.

Early allowed only six Yankee hits and two walks until he was replaced in the seventh. New York's attack didn't have hard-hitting Yogi Berra, who was out with a stomach disorder. But poor Cleveland fielding allowed the Yanks to pile up their big margin of runs.

The third 1953 game between the pennant rivals and their last meeting for four weeks comes up today. Mike Garcia (2-1) tries to do what Wynn and Bob Lemon could

19-Day Race Meet Opens at Lebanon

LEBANON, O. (AP)—The Lebanon Trotting Association, which opens its 19-night spring harness meeting here Saturday night, said the the presiding judge will be Loyle Germann of Plymouth, Mich.

Other officials include: Associate Judges Dewey Haines, Greenville, O., and Carl Weinland, New Carlisle, O.; Paddock judge, Ray South, West Liberty, O.: clerk of course, Charles Cookston, Dayton, O.; general manager, John J. Carlo, Buffalo, N. Y., and starter, Briggs Mercer, Plain City, O. Don Huston, Xenia, O., is to announce the races.

The harness racing secretary is to be John Jenuine, Northville, Mich., with Cookston as assistant race secretary:

More than 350 horses from Ohio and many other states and Canada are quartered at Lebanon Raceway awaiting the start of the meet.

called it a hit on the theory that Wynn would have beaten any throw McDougald could have made even if he came up with the ball.

Buhl, working in 40-degree temperatures with a brisk wind, gave up a breeze-blown Texas League single to Don Mueller in the fourth inning and a short double to Bobby Thomson at the start of the ninth.

He went on to load the bases on walks in the ninth and Thomson

Only a rousing ninth-round rally saved Matthews from defeat by Beshore, whom he stopped in seven rounds two years ago.

Matthews, fighting after a long layoff during which he had his tonsils removed, took a bruising body beating from Beshore in the middle rounds. Scaling 196¾, the Los Angeles mauler made the most of his weight advantage over Matthews, 181¼.

Cook as assistant manager and Norm Weston, former Morral High School cage coach, is also helping.

TWINBILL. The track meet this afternoon at Harding Stadium was a real bargain bill. Through a schedule mix-up at Lima South, the MAR-DEL junior high league meet turned into a treat for track fans.

The Lima school, apparently confused over last year's schedule, thought it was scheduled to meet Ken Somerlot's crew. The track team and baseball squad made the trip here together. Somerlot's crew wound up its season last week but agreed to run against South. Harding ended its two-year contract with South last season. The junior high meet already had been scheduled at the stadium so school officials decided to run both meets at the same time.

Rio Grande Sets Eastern Cage Tour

RIO GRANDE, O. (AP) — High-scoring Bevo Francis and his basketball teammates of Rio Grande College will make an eastern tour next December, probably including games in New York, Boston, Buffalo and Philadelphia.

Coach Newt Oliver confirmed the tour today but refused to say if his boys would play in New York's Madison Square Garden, or if Boston and Philadelphia actually were on the schedule.

FIGHT NIGHT TONIGHT AT THE RITZ

Tonight former Featherweight Champion Willie Pep of Middletown, Conn., and Jacky Blair of Dallas, Texas, will trade punches in a 10-rounder at the Will Rogers Memorial Coliseum, Ft. Worth, Texas. Pep, now 30, first won the featherweight title in 1942. He has fought 182 times with only five losses. Blair is making his 100th ring start. He is a clever switch fighter with a good left hand, but we predict Willie Pep to win.

Take Prize For Doubles

E. Seligman and Harry Lurye teamed for a 1243 and top money in a mixed doubles bowling tournament held recently at Palace Recreation Center.

Their performance brought them $75. Fifty-five doubles teams we entered in the tourney.

An 1189 by M. Crispin and R. Crispin was good for second spot and $35 while L. Seckel's and G. Seckel's 1185 was third and worth $20.

Fourth was the team of A. Lloyd and H. Pritchard with 1160. Their prize was $15. N. Dickerson and B. Clouse totaled 1158 for fifth spot and $10 while next came R. Simmons and C. Johnson, 1156 and $8 and E. Stephenson and H. Petrich, 1151 and $5.

Cut Rosters

Indians Set; Reds Must Release One

NEW YORK (AP)—This is moving day for 18 players on 10 major league baseball clubs as the teams trim their rosters to the 25-man limit called for by midnight tonight.

There was a flurry of shifting Tuesday, as team managers approached the deadline, and some said they would wait until after today's games before making final decisions.

The Cincinnati Reds must drop one player.

Cleveland is all set with 29. Four of them are returned servicemen —Al Aber, Jim Limon, Bob Kennedy and Dick Weik. In addition to the 25 player limit, any team can carry five returning servicemen on the roster.

QUITS GRID POST

YOUNGSTOWN, O. (AP)—John McKee, football and basketball coach at nearby Poland High School the past two years, has quit to go into the insurance business at Leroy, O. He formerly coached at Frederickstown, O.

The game Orange, N. J., heavy took the mandatory eight count standing up, but that knockdown, the only one in the fight, dispelled any doubt as to the identity of the better man. Judge Otto Hankinson scored it 53-47; Judge Jack Myers, 52-48; and Referee Johnny Weber, 55-45.

Charles expects the triumph to give him a title bout against the winner of Friday night's championship meeting between Rocky Marciano and Jersey Joe Walcott. Of 92 fights, he now has knocked out 51, decisioned 32, fought to one draw and lost eight. Gilliam has won 22, lost 14 and drawn twice.

He can sue you!

According to the law, you can be sued by someone who suffers injury—or has property damaged—through some fault or carelessness on the part of you or your family. The cost might easily be your life savings, perhaps even your home.

That's why almost everyone needs the kind of broad liberal insurance offered by Allstate's Comprehensive Personal Liability Policy. For less than three cents a day, it gives you and your family $10,000 in protection against literally hundreds of everyday accidents.

Let the same Allstate agent who handles America's *better value* auto insurance give you the complete facts. You'll see why you're in good hands with Allstate, the insurance company founded by Sears, Roebuck and Co.

Contradicts Training Routine

Walcott Changes Plans, To Shoot For Knockout

CHICAGO (AP) — Now comes Jersey Joe Walcott with heavy talk about punching the daylights out of Rocky Marciano.

Says Jersey Joe: "I will do my best to win by a knockout, from the first round on."

He didn't bat an eye when he said it. He merely shrugged when it was pointed out that the statement seemed a contradiction of his long training routine.

Virtually every minute of Walcott's preparation for Friday's heavyweight title bout with Champion Marciano at Chicago Stadium has carried a strong for-the-route conditioning keynote.

Furthermore, his manager, Felix Bocchicchio, has said:

"Marciano is too strong and tough to knock out early. Jersey must outbox him this time."

There hasn't been much question that, of the two, Walcott is the better boxer. He's harder to hit and, for a 39-year-old (or older) man, his timing is excellent.

He also is a better than average slugger, as witness his first-round knockdown of the previously unfloored Marciano in their championship fight in Philadelphia last summer, won by Rocky with a come-from-behind 13th-round knockout. Jersey Joe also has had Joe Louis on the floor three times and won the heavyweight title from Ezzard Charles with a KO.

But fight experts note that slugging with the young and powerful Marciano is a dangerous business. They figure Jersey Joe would have won the Philadelpia match had he been more cautious.

Nonetheless, Walcott maintained to reporters last night that he is capable of blasting Rocky out from under the heavyweight crown.

"I'm ready to go 15 rounds," he said, "but I don't intend to try for a decision. I will do my best to win by a knockout."

As for Marciano, he never has contradicted by word or action his intention, announced at the start of training, to KO Jersey Joe "earlier than before."

Yesterday he said at his Holland, Mich., camp that he expected to end the bout "about midway." He has boxed 225 rounds in preparation for the fight, mostly perfecting sharper, shorter swings and developing his pressing, brawling, close-in stle.

Today he leaves Holland for Chicago and, like Jersey Joe, will hide out during the remaining hours before the battle at 9 p.m., EST, Friday.

SNEAD DEFENDS TITLE

WESTBURY, N. Y. (AP)—Golf's tour-toughened professionals get their annual arithmetic lesson, starting Thursday in the $17,500 round robin tournament at the Meadow Brook Club. Sam Snead, a two-time winner, will defend his championship against 15 hand-picked rivals in the four-day, 90-hole test.

Little League Benefit Game Set Thursday

Profits From Girls Game Go For Baseball For Boys

Fans who attend the exhibition game between the Ft. Wayne Daisies and Kalamazoo Lassies, members of the American Girls professional Baseball League, at Lincoln Park Thursday night are likely to see some heavy hitting, fine pitching and snappy fielding.

The contest, sponsored by the Baseball for Boys Commission, is scheduled to get under way at 8 p.m. All profits will go toward Baseball for Boys, which includes Little League and Pony League.

In the Daisies lineup will be Joe Weaver of Metropolis, Ill., hard-hitting outfielder who won the batting title in the AGBL last season. She hit .344. Her hitting helped the Ft. Wayne club win the league title. She had 108 hits for 137 total bases, scored 58 runs and batted in 50.

The Kalamazoo lineup will contain Fern Shollenberger of Hamburg, Pa., third baseman. She had the second highest fielding average of any third sacker in the AGBL last season at .949.

One of the hardest hitters in the AGBL last season is on the Daisies roster. Betty Foos of Metropolis, Ill., first baseman, led the league in runs scored with 81, hits with 137, total bases with 209, doubles with 26, triples with 17 and batted in 74 runs last season. She finished with a .331 batting average.

The AGBL's leading home-run hitter last season is in the Kalamazoo lineup. Doris Sams of Knoxville, Tenn., slammed out 12 four-masters.

One of the leading pitchers is a member of the Kalamazoo team. Gloria Cordes of Staten Island, N. Y., led the Kalamazoo pitching staff with a 16-8 record. She finished all 24 games she started and had 84 strike-outs and an earned run average of 1.44.

The Daisies, 1952 pennant winner, also boast a pair of the league's best pitchers in Maxine Kline of Jonesville, Mich., and Pat Scott of Burlington, Ky.

The Daisies led the league in double plays with 71 and the Lassies, second best fielding team in the league, executed 53 twin-killings with Dottie Schroeder, Lassie shortstop, taking part in 38 of them, more than any other shortstop in the league. She hails from Sandorus, Ill.

Bowling

League bowling action came to a close in Marion Monday night with action in the Business Men's League at Palace Recreation. Bill Byrd cracked 208 and N. Hoffman hit 542 to pace the bowlers. Two 200 games were registered. Short Ford hit 898 and Marion Star totaled 2580 to lead the teams. Maniaci's Market won the league pennant with 71½-33½, with Clark Metal Products, 62½-42½, finishing second and Triangle Bar, 56-49, third.

Bellevue Wins Upper Relays

Nevada Runners Cop Class B Crown

UPPER SANDUSKY — Bellevue copped the Classs A title and Nevada took the Class B crown in the fourth annual running of the Upper Sandusky Relays here Tuesday night.

Bellevue won over a field of five other schools with a total of 81 points. Bowling Green came in second with 68 and Upper Sandusky, defending champion, scored 67. Willard gained 42. Richwood had 39 and Shelby netted 35. Norwalk failed to appear. In the Class B section, Nevada racked up 44 points to take its second title. Thompson came in with 37, Sycamore with 23, Salem with 18 and Marseilles with 10. Morral and Harpster did not compete.

In the only junior high school event, Upper Sandusky won a two-lap relay over approximately 752 yards. Sycamore came in second, Harpster was third, Salem was fourth and Marseilles fifth.

Five records were set in the various events. Dale Walterhouse of Upper Sandusky set one new mark when he completed the 110-yard high hurdles in 14.6. Jim Stiger of Nevada hit a new mark in the Class B 100-yard dash with a time of 10.6. Richwood and Bellevue tied for first in the Class B sprint medley with a new record of 3:18.3. Thompson also set a mark of 3:18.7 in the Class B sprint medley. Bellevue's 3:06.1 in the Class A four-lap relay was the final new record.

Harry Mehock of Mansfield served as starter and Earl Shaffer of Upper Sandusky was finish judge. Fenton Wolfe of Upper Sandusky was clerk of course.

At the conclusion of each event, Miss Rosa Smith, queen of the relays, presented trophies, ribbons and medals to the winners. Her attendants were Shirley Ann Eyestone, June Delaplane, Nancy Whalen and Nancy Pfeifer.

New League Sets Name, Constitution

The name, Mid-Ohio Conference and the league constitution were adopted when representatives from St. Mary and four other schools which formed the new league met for a dinner meeting Monday night at Hotel Harding.

The constitution submitted by Dick Fetter of Richwood, chairman of the constitution committee, was adopted with just a few changes. It was decided to ha a rotating and permanent trop for football and basketball.

Another meeting will be held in August to discuss the coming football season. Schedules in footba and basketball are being worke out now and the league will begin functioning next school yea

Members of the league are Mary, Richwood, Elm Valley, Mt. Gilead and Cardington. The meeting Monday night was attended by 15 coaches and faculty members from the five schools.

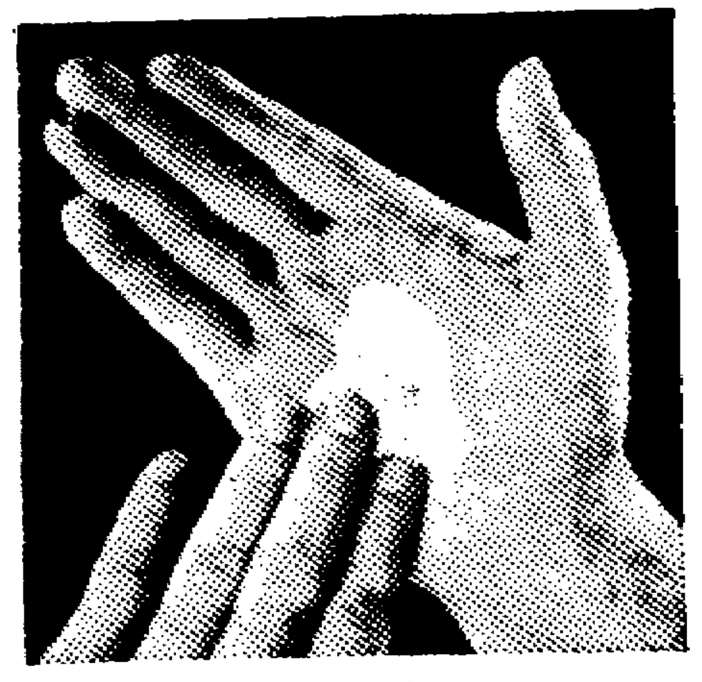
How to improve your appearance

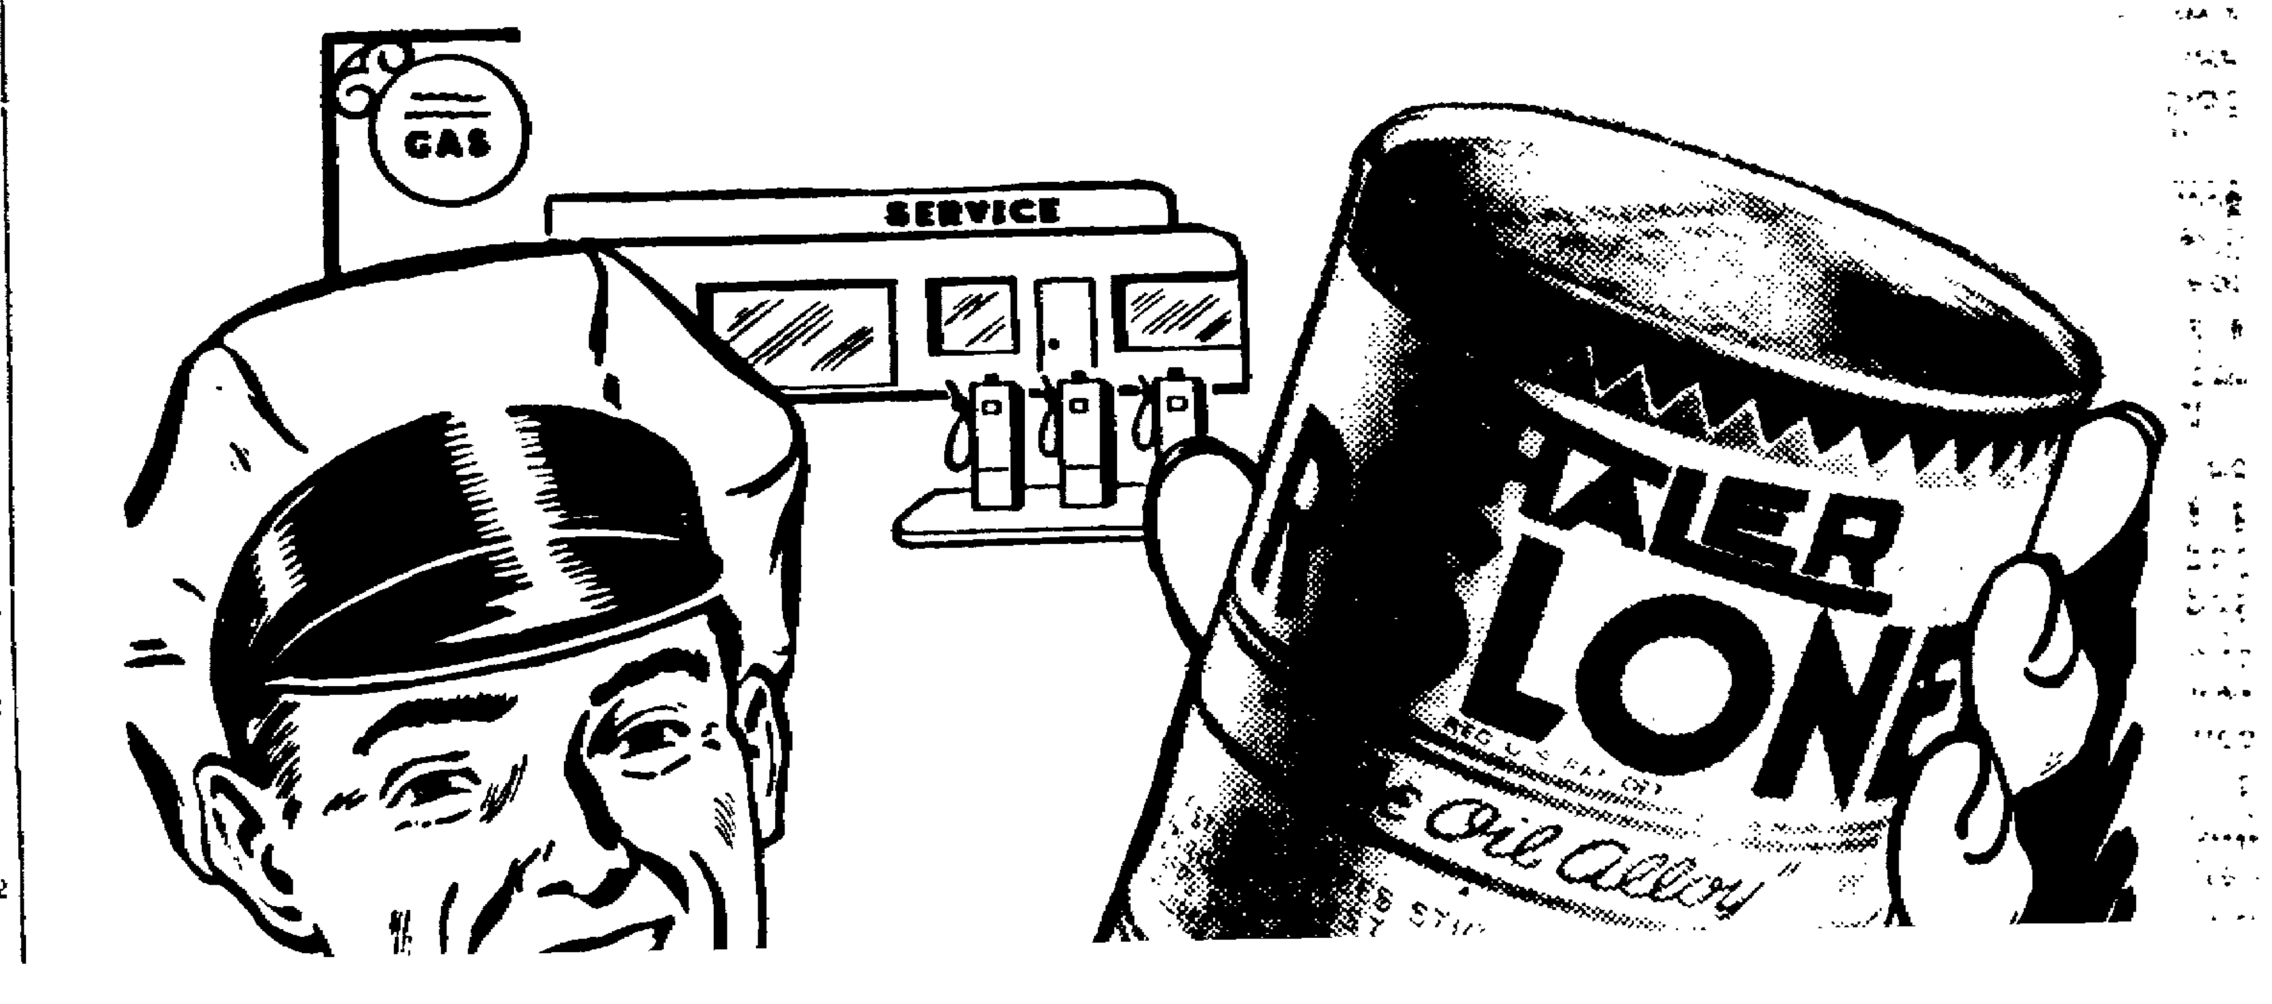
For "medium to fine" hair

Vitalis Hair Cream is a special



Feel the difference

New Vitalis Hair Cream is



formula designed to keep that kind of hair in place *perfectly* —while making it look richer, thicker! A national survey shows 7 out of 10 men have hair on the fine side.

really *creamy*— not a *mineral-oil* "cream" product! Your finger tips will tell you how light it is . . . chances are it's just right for the kind of hair *you* have.

Not greasy

Vitalis Hair Cream rinses off your hands and comb with just plain water. Your hair *can't* have that sticky, "patent leather" shine. Not greasy, nonalcoholic—Vitalis Hair Cream is *just right!*

Hair in place all day

No more fussing with your hair . . . yet no "stuck down" look that shouts "hands off." Pure vegetable oils in Vitalis Hair Cream give *natural-looking*, well-groomed hair. Excellent for dry scalp, too!

The game scheduled here is one of 13 games in an exhibition tour of the Daisies and Lassies through Ohio, Indiana, Kentucky and Michigan.

Girls baseball is not to be confused with softball. Overhand pitching is used and a 10-inch ball, as compared with the 9 1-16 inch ball in men's baseball, is used. The pitching mound is four feet closer to home plate than in men's baseball and the base paths are 75 feet in length. Otherwise, the game is the same as men's baseball.

There will be no advance sale of tickets due to the possibility of rain and ducats will be sold at the gate beginning at 7 p.m. Prices are $1 for adults and 50 cents for children. If the game is rained out it would not be rescheduled as the teams have their exhibition schedule to complete in other cities.

Feelable new power *guaranteed* with RISLONE in your motor oil

..Frees sticking valves for full compression and power.. by dissolving gums and sludge instantly

Rislone "motor magic" works in cars of any age. And cars of every age need Rislone.

Rislone is a super-lubricant itself, with no harmful ingredients. Keep it in your car all the time — to keep your motor-oil doing a good job. It dissolves gum and sludge immediately, prevents new deposits. Actually it cleans your engine as you drive; protects it with full, instant lubrication; gives you new power.

Count on Rislone to keep your car running "like new," to pep up sluggish motors, and to eliminate slow-speed jerkiness and poor starting. Put it in new cars, to avoid slow-speed break-in and permit driving at normal speeds immediately — with safety.

Auto Races Begin Friday At Richwood

RICHWOOD — Barring adverse weather conditions, the new quarter-mile Richwood Speedway is slated for its formal opening with a full program of stock car races Friday night.

Grading on the shorter oval, built within the present half-mile harness track is nearly complete, and lighting is now being readied by Leo C. Grindell, Clair R. Baker, John R. Bell and others interested in the project. John E. Collier of Collier Promotions, Inc. of Milford Center will promote the events.

There will be a seven-event racing program every Friday night. Plenty of cars and drivers have been developed throughout the area by NARC (National Auto Racing Corporation). Opening night drivers include Chet Johnson of Radnor; Joe Wallace, Jim Reece, Bill Bostwick, Curt Hoskins, Dick Decker, Jack Hedges, Don Schreeder and Jim Church of Delaware; Joe Jones of Galion; Bernard Robinson of Marysville; Jim Hamilton and Ed Douglas of Richwood; Chet Howard of Mt. Gilead; Clyde Looney of Ostrander and Red Van Deusen of Columbus.

Qualifying time trials will begin at 7 p.m. and the first race at 8:30. Four heats, two consolation events for non-winners and a 25-lap feature race will comprise the Friday night card.

Pep, Blair Clash In Video Feature

FORT WORTH, Tex. (AP)—Willie Pep, campaigning to regain the crown he has worn twice—world's featherweight champion — meets the challenge of young, tough Jacky Blair of Dallas tonight in a 10-round nationally televised fight.

Beating Blair, a comparative unknown, won't add a great deal to the luster of Pep, who already is the No. 1 contender for Sandy Sadler's title, but to Blair it would mean jumping right into the big middle of the picture — a possible championship fight.

The fight is scheduled for 9 p. m. EST, and will be televised over CBS.

Bucyrus Youth Wins Scholarship at Kenyon

BUCYRUS — Dan D. Bumstead, who set a new all-time individual basketball scoring record at Bucyrus High School during the 1951-52 season, has been unanimously voted a $4,000 scholarship to Kenyon College at Gambier, O.

Known as the George F. Baker scholarship, the award is the highest scholarship grant the college confers, according to the college's faculty committee on admissions. The sum will be distributed equally over four years of study.

The son of Dr. and Mrs. A. D. Bumstead, young Bumstead racked up 321 points as a junior and tossed in 281 points during the 1952-53 season for a 20.1 point average. A lefthander, he has played on the Redmen's basketball and baseball teams for the past three years.

The scholarship winner is president of the senior choir and active in the College Club and the Hi-Y.

Judge Experiments With Light Sentence

FAIRMONT, W. Va. (UP) — Federal Judge Harry E. Watkins feels partially repaid for the faith he placed in an ex-convict who came before him for sentencing after pleading guilty to interstate transportation of a bad check.

Judge Watkins decided there was more than met the eye in Charles E. Davis, Baltimore, who had spent 12 years in prison for previous crimes, and gave him a light sentence of nine months.

Back came a letter, written in the Marion County jail, in which Davis said the judge's brief talk before sentencing "taught me more respect for things that are right than all the time I had in prison."
